Directions to Parents and Guardians:

The California *Education Code* contains legal requirements which direct schools to assess the English language proficiency of students. The process begins with determining the language(s) spoken in the home of each student. The responses to the home language survey will assist in determining if a student's proficiency in English should be tested. This information is essential in order for the school to provide adequate instructional programs and services.

As parents or guardians, your cooperation is requested in complying with these requirements. Please respond to each of the four questions listed below as accurately as possible. For each question, write the name(s) of the language(s) that apply in the space provided. Please do not leave any question unanswered. If an error is made completing this home language survey, you may request correction before your student's English proficiency is assessed.

1. Which language did your child learn when they first began to talk? _____
2. Which language does your child most frequently speak at home? _____
3. Which language do you (the parents and guardians) most frequently use when speaking with your child? _____
4. Which language is most often spoken by adults in the home? (parents, guardians, grandparents, or any other adults) _____

Please sign and date this form in the spaces provided below, then return this form to your child's teacher. Thank you for your cooperation.

Custody Issues

Parent Disputes over Custody in School Setting

Parents may try to use the school as a forum for disputing custody matters. If needed, the school district may consider including the following form in their annual notification to parent and legal guardians.

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to their child. The only exception is when a signed restraining order or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Unless Educational Rights have been revoked, both parents have access to student records.

Parents are asked to make every attempt not to involve school sites in custody matters.

The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

I have read and understand the above statement.

Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the 7th birthday (also meets the 7th-12th grade Tdap requirement. See fn. 8.) One or two doses of Td vaccine given on or after the 7th birthday count towards the K-12 requirement.

Instructions:

California schools are required to check immunization records for all new student admissions at TK / Kindergarten through 12th grade and all students advancing to 7th grade before entry. See shotsforschool.org for more information.

Unconditionally Admit a pupil whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil's age or grade as defined in the table above:

- Receipt of immunization.
- A permanent medical exemption.*

Conditionally Admit any pupil who lacks documentation for unconditional admission if the pupil has:

- Commenced receiving doses of all the vaccines required for the pupil's grade (table above) and is not currently due for any doses at the time of admission (as determined by intervals listed in the Conditional Admission Schedule, column entitled "Exclude If Not Given By"), or
- A temporary medical exemption from some or all required immunizations.*

Conditional Admission Schedule for Grades K-12

Before admission a child must obtain the first dose of each required vaccine and any subsequent doses that are due because the period of time allowed before exclusion has elapsed.

Dose	Earliest Dose May Be Given	Exclude If Not Given By
Polio #2	4 weeks after 1st dose	8 weeks after 1st dose
Polio #3[1]	4 weeks after 2nd dose	12 months after 2nd dose
Polio #4[1]	6 months after 3rd dose	12 months after 3rd dose
DTaP #2	4 weeks after 1st dose	8 weeks after 1st dose
DTaP #3[2]	4 weeks after 2nd dose	8 weeks after 2nd dose
DTaP #4	6 months after 3rd dose	12 months after 3rd dose
DTaP #5	6 months after 4th dose	12 months after 4th dose
Hep B #2	4 weeks after 1st dose	8 weeks after 1st dose
Hep B #3	8 weeks after 2nd dose and at least 4 months after 1st dose	12 months after 2nd dose
MMR #2	4 weeks after 1st dose	4 months after 1st dose
Varicella #2	Age less than 13 years: 3 months after 1st dose	4 months after 1st dose
Varicella #2	Age 13 years and older: 4 weeks after 1st dose	8 weeks after 1st dose

1. Three doses of polio vaccine meet the requirement if one dose was given on or after the fourth birthday. If polio #3 is the final required dose, polio #3 should be given at least six months after polio #2.
2. If DTaP #3 is the final required dose, DTaP #3 should be given at least six months after DTaP #2, and pupils should be excluded if not given by 12 months after second dose. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday. One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement.

Continued attendance after conditional admission is contingent upon documentation of receipt of the remaining required immunizations. The school shall:

- review records of any pupil admitted conditionally to a school at least every 30 days from the date of admission,
- inform the parent or guardian of the remaining required vaccine doses until all required immunizations are received or an exemption is filed, and
- update the immunization information in the pupil's record.

For a pupil **transferring** from another school in the United States whose immunization record has not been received by the new school at the time of admission, the school may admit the child for up to 30 school days. If the immunization record has not been received at the end of this period, the school shall exclude the pupil until the parent or guardian provides documentation of compliance with the requirements.

Renew Your Coverage in 2023-24!

IMPORTANT for 2023 and 2024:

CONTINUOUS MEDI-CAL COVERAGE PROTECTIONS END STARTING APRIL 2023.

Do you or a family member have Medi-Cal coverage? If so, you may need to take steps to keep it. You will need to renew your Medi-Cal at some point between April 2023 and May 2024. Annual renewals are usually due in the same month you first enrolled in Medi-Cal.

What to Do to Stay Covered:

- **Update your contact information.** Tell your county Medi-Cal office about any changes in your contact information (mailing address, phone number, email) so they can contact you with information about how to renew your coverage.
- **Check your mail.** When it is time to renew coverage, Medi-Cal will mail you a letter to let you know if you need to complete a renewal form or if your renewal can be completed automatically.
- **Complete your renewal form.** If you receive a renewal form, your coverage will not be renewed unless you complete it. Renewal forms will be sent in a **YELLOW ENVELOPE.** Fill out the form and answer any county follow up questions right away by phone, online, mail or in person to help avoid a gap in your coverage.

How to Renew your Medi-Cal Coverage and Report Changes:

- **Set up an account online.** Visit: ***https://benefitscal.com/*** OR
- **Contact your county Medi-Cal office.** To find your county Medi-Cal office, visit ***dhcs.ca.gov/COL*** or call ***(800) 541-5555.***

What if You No Longer Qualify for Medi-Cal Coverage?

If your family income increased above Medi-Cal eligibility levels (see income chart on second page), you may qualify for discounted premiums through Covered California. If so, when your Medi-Cal coverage ends, Covered California will send you information about your automatic enrollment and what you need to do to activate it. Your Covered California coverage would begin when:

- You pay your premium, OR
- If you have no premium, when you accept the coverage online or by phone.

Often when family income increases, your child(ren) may still qualify for Medi-Cal even if adult family members no longer qualify. Continue to fill out and submit renewal information to keep your child(ren)'s free Medi-Cal coverage even if you may be enrolled in Covered California.

- Medi-Cal covers ALL COSTS for screenings, immunizations, checkups, specialists, mental health, vision, dental services, and all other medically necessary care.
- Medi-Cal enrollment is available year round.
- Most Medi-Cal enrollees must enroll in a Medi-Cal health plan that will manage their health care coverage. Each health plan is different and has their own list of healthcare providers. Learn more about health plans at: ***https://www.healthcareoptions.dhcs.ca.gov***

- Enroll during Open Enrollment or any time you experience a ***life-changing event***, like losing your job or having a baby. You have 60 days from the event to complete enrollment.

Immigrant Families

Expansion of Medi-Cal

- Currently, every income-eligible child or person under the age of 26, every adult 50 years and older, DACA recipients, pregnant persons and recently pregnant persons are eligible for Medi-Cal health coverage and benefits **REGARDLESS OF IMMIGRATION STATUS.**
- Young people who are undocumented and turning 26 in 2023 will continue on Medi-Cal until 2024. By 2024, these individuals will be sent information about when and how to renew their Medi-Cal.
- In 2024, California is removing all barriers to Medi-Cal based on immigration status. Beginning on January 1, 2024, all California residents with qualifying incomes will be eligible for full Medi-Cal benefits regardless of their immigration status.

Covered California

- Those with immigration documentation can qualify for Covered California and its financial assistance. Some counties offer other health care options regardless of immigration status

Updated Public Charge Rule

- In December 2022, the federal government updated the public charge rule and made clear that using Medi-Cal is not considered for purposes of public charge (except in the case of long-term institutionalized care, also known as skilled nursing home care).
- Your child's enrollment in Medi-Cal and use of health care services will not impact your immigration status.
- While the public charge test may make you nervous, use this **Public Charge Roadmap** to better understand whether it applies to you or your family member.
