## Message from the Lead Agent, Risk & Transportation

Dear Parent/Guardian:

Welcome to a new school year!

The Transportation Services for the Rialto Unified School District has prepared this information packet to acquaint you with the rules and procedures covering your child's school transportation. Additionally, the California Education Code Section 39831.5 and California Vehicle Code Section 22112 require the superintendent of the school district to ensure that school bus safety instruction is provided to students and parents.

The California Education Code requires that upon registration, the parents or guardians of all pupils not previously transported on a school bus or school pupil activity bus anywhere within the state, and are in pre-kindergarten, kindergarten, and grades 1 to 6 inclusive, be given written information on school bus safety. This handbook provides you with the general rules of conduct at school bus loading zones, red light crossing instructions, school bus danger zones, and walking to and from school bus stops.

We need your assistance and cooperation to maintain timely and reliable service. Your familiarization with and adherence to these rules and procedures will aid considerably in transporting your child with the maximum service, courtesy, and safety.

Sincerely,

A handwritten signature in blue ink that reads "Derek Harris". The signature is written in a cursive style and is enclosed in a thin blue rectangular border.

Derek Harris

Rialto Schools provide transportation for students who live beyond established distances from their school of assignment. “School transportation is not required by law and is an extra privilege available for those students who are eligible (under Board Policies 3540 and 3541). This privilege may be revoked if the results of conduct are not followed.”

## **Bus Conduct**

### **Board Policy 5131.1**

In order to help ensure the safety and well-being of students and others the Board expects students to exhibit appropriate and orderly conduct at all times when using school transportation, including while preparing to ride, riding, or leaving the bus. The School Bus is an extension of the classroom. In addition to your School Rules, the following rules apply at all times when students are riding a school bus, including when on school activity/field trips:

1. Riders shall follow the instructions and directions of the bus driver at all times.
2. Riders should arrive at their designated bus stop on time and stand in a safe place at the stop to wait quietly for the bus.
3. Riders shall enter the bus in an orderly manner and go directly to their seats.
4. Riders shall sit down and fasten any passenger restraint systems. Riders shall remain seated while the bus is in motion.
5. Riders shall not block the aisle or emergency exit with body or personal belongings. Riders may bring large or bulky items, such as a class project or musical instrument, on the bus only if the item does not displace any other rider or obstruct the driver’s vision.
6. Riders should be courteous to the driver and to fellow passengers. Vulgarity, rude, or abusive behavior is prohibited.

7. Any noise or behavior that could distract the driver, such as loud talking, scuffling or fighting, throwing objects, standing, or changing seats, is prohibited and may lead to suspension of riding privileges.

8. Riders shall not use tobacco products, eat, or drink while riding the bus.

9. Riders may bring electronic devices onto the bus only if such devices are permitted at school. If the use of cellular telephones or similar devices disrupts the safe operation of the school bus, the bus driver may direct the student to no longer use the device on the bus.

10. Riders shall not put any part of their body out of the window nor throw any items from the bus.

11. Riders shall help keep the bus and the area around the bus stop clean. Riders shall not damage or deface the bus or tamper with bus equipment.

12. Service animals are permitted on school transportation; all other animals are prohibited.

13. Upon reaching their destination, riders shall remain seated until the bus comes to a complete stop and upon the signal from the driver, unfasten any restraint system, enter the aisle, and go directly to the exit.

14. Riders should be alert for traffic when leaving the bus and shall follow the District's transportation safety plan when crossing the road and exiting the bus.

Students found to be in violation of the District's bus conduct rules shall be subject to discipline in accordance with Board policy and administrative regulation. **Discipline for students is addressed by the individual school site**

## **Bullying – ZERO TOLERANCE**

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

# **Authority of the Driver, Title 5 California of Code Regulations 14103**

(a) Pupils transported in a school bus or in a school pupil activity bus shall be under the authority of, and responsible directly to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street, highway or road. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the bus enroute between home and school or other destinations.

(b) Governing boards shall adopt rules to enforce this section. Such rules shall include, but not be limited to, specific administration procedures relating to suspension of riding privileges and shall be made available to parents, pupils, teachers, and other interested parties.

## **Consequences**

Students who violate any of the School Bus Conduct Rules will receive consequences to the behavior displayed on bus. The driver will use any of the following steps of remediation prior to placing the student on the formal warning steps:

1. Counsel student.
2. Move student to another seat.
3. Release student last when exiting bus.
4. Student may be returned to his/her school.
5. Safety and Security will be called to come to the bus.
6. Bus driver may discontinue run/trip to request assistance.

## **Consequences (continued)**

Students who still continue to act in a disorderly manner, the following **WARNING STEPS** will be taken:

### **Step 1 – Warning**

In the event that a student's conduct on a bus is unsatisfactory, the "Notification of Unsatisfactory Conduct on School Bus" form shall be completed by the bus driver and submitted to site administration.

### **Step 2 – Warning/Parent Contact**

The bus driver will issue the second formal notice which cites infraction and states that the student has been placed on the second warning step. At this point, it is required that the principal/designee counsel the student and contacts the parents.

### **Step 3 Warning/Administrative Action**

The bus driver will issue the third warning which cites infraction and states that the student has been placed on the third warning step.

At Step 3, the student's **bus privileges** may be suspended from one (1) to five (5) school days; or the student receive a school suspension from one (1) to five (5) days; or assigned appropriate discipline. A meeting may be held with the student, parent/guardian, transportation representative and school administrator to establish a bus riding action plan for the student. Student suspension is an administrative decision and will be made by the Principal/designee.

In the case of a severe violation the rider may be denied transportation for a period of time determined by the principal, up to the remainder of the school year.

## Bus Passes

### **Secondary Students:**

At the beginning of each school year, bus passes will be distributed to all secondary students.

All secondary students will present their bus pass to the driver prior to boarding the bus for each trip (a.m. and p.m.). A temporary pass from the school is acceptable and will be issued for a period not exceeding two weeks.

All students will be picked up in the morning even if they do not have bus passes. However, failure to show a bus pass in the morning for two consecutive days will be considered as an infraction, whereby a referral may be issued and result in a bus suspension. The school will make arrangements to designate a time and provide someone to issue temporary passes daily. Failure to present either a permanent or a temporary pass will result in denial of transportation for that afternoon trip. (Administrative Regulation 3541)

School Sites will set-up individual schedules to provide temporary bus passes to bus riders.

### **Elementary Students:**

Each elementary student must wear a name tag with his/her name, school, bus stop and/or route number. The bus driver may not load any child at home or school without this information. The bus driver may request the student to go to the office to get a bus pass or may speak with School Official to verify name, grade, and designated school bus stop.

Once bus passes are issued to elementary students, they are required to present their bus passes to the driver for each trip (a.m. and p.m.).

# Safety Rules

Parents should teach children to follow practices to make school bus transportation safer.

## Walking to and from school bus stops

1. Go directly between the bus stop and home.
2. Walk with a buddy or a group.
3. Walk to and from bus stops in an orderly manner without damaging property, disturbing the peace, or endangering themselves or others.
4. Use sidewalks on main streets where there are likely to be other people.
5. Avoid strangers.
6. Never accept food or gifts from strangers.
7. Make sure to let your parents know where you are.
8. Cross only in marked crosswalks when crossing a street.
9. Walk away from any stray animal you see. Don't run or show that you are afraid.

## Safe Tips for Parents

The greatest risk is not while riding the bus, but approaching or leaving the bus. It is essential that automobile drivers know the rules:

1. When backing out of a driveway or leaving a garage, watch for children walking or bicycling to school.
2. When driving in neighborhoods with school zones, watch out for young people who may be focused on getting to school but may not be thinking about safety.
3. Slow down. Watch for children playing and gathering near bus stops or walking in the street, especially if there are no sidewalks.

4. Be alert. Children arriving late for the bus may dart into the street without looking for traffic.
5. Learn and obey the school bus laws in California.
6. Always **STOP** when a school bus has activated the Flashing Red Lights, do not proceed until the red lights are completely off and then proceed with caution.

Always slow down when a bus has activated the flashing amber warning light system and prepare to stop once the flashing red signal lights are activated.

### Pick-up Procedure

All children must be ready for pick-up **5 minutes** before the scheduled pick-up time. Buses must operate on a definite schedule in order to meet schools' start/dismissal times.

Buses will not depart from a stop prior to the designated pick-up time. All students must be considerate of the property at the boarding area and should line up in an orderly manner in preparation for boarding the bus.

### Bus Stop Rules

1. When waiting for the bus, wait in a safe area.
2. Never wait or play in the street
3. Arrive at the bus stop 5 minutes before the scheduled time of the bus.
4. Make sure vehicles are parked on the same side as the stop if the students are waiting in the vehicles.

### Loading/Unloading Procedures

1. When the bus approaches stand at least 3 giant steps (6 feet) from the curb and line up away from the street (stay out of the danger zone).

2. If you drop something under or near the bus, tell the bus driver. Never try to pick it up.
3. Have bus pass ready for driver to check at all times when boarding the bus.
4. Use the handrails to avoid falls.
5. The bus driver may determine the order of student entry.
6. Driver may assign seats to student(s).
7. Once aboard the bus students are to find an open seat and remain seated at all times while the bus is in motion.
8. Secure the seatbelt.
9. Students must remain awake and alert while riding the bus for their own safety.
10. Students who have bulky items such as musical instruments, skateboard, etc... will sit in the front of the bus.
11. Student must wear shoes while aboard the bus. No cleats with rubber or metal are to be worn on the bus.
12. Students must remain seated until the driver has given the students permission to leave the bus.
13. Students must tell the driver if they need to cross the street.

### **Red Light Bus Crossing Instructions**

1. Stop! Wait for drivers signal.
2. Check for traffic both ways.
3. Cross, between the bus and the bus driver.
4. Walk straight across, not on an angle.
5. Walk seven feet beyond the front bumper

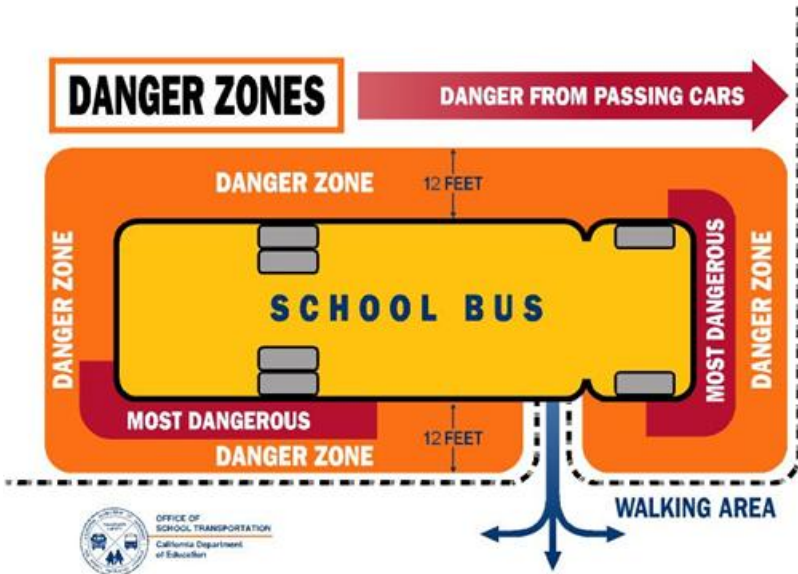

### **Railroad Crossings**

Every railroad crossing possesses potential dangers for school buses and thus must be approached with great caution. The driver will request that students lower their voices so that the driver can listen for approaching trains.

## Danger Zone

The area around the school bus is called the Danger Zone. Stay out of the DANGER ZONE (see diagram below)

## Instruction on School Bus Emergency Procedures

As stated in the Education Code 39831.5 at least once per year, all pupils in prekindergarten, kindergarten, and grades 1 through 8, inclusive who received home-to-school transportation shall receive safety instructions which includes, but is not limited to proper loading and unloading procedures, including escorting by the driver, proper passenger conduct, bus evacuation..... As part of the instruction, pupils shall evacuate the school bus through emergency exit doors.

## **Bus Evacuations**

Occasionally, prevailing conditions will warrant the evacuation of passengers from the school bus. When the driver deems evacuation is necessary, the students must leave all items in the bus and follow the bus driver's direction.

## **Designated Bus Stops**

A student will be picked up and dropped off at the designated bus stop every day; morning stops may be different than afternoon stops, but are to be consistent each day.

## **INTERDISTRICT/INTRADISTRICT TRANSFERS**

Students who are granted interdistrict or intradistrict transfers are not eligible for transportation unless transfers are judged beneficial to the School District. Requests for special consideration may be approved if space is available on an existing bus route.

## **LIMITS OF TRANSPORTATION**

Transportation is provided from home to school and school to home only. Requests to deliver students to other than home, generally, will not be granted. Home means: An established bus stop in the general area of the student's residence.

## **Special Consideration**

Special consideration may be given to students who would not otherwise qualify for school bus transportation service if:

- They can clearly establish that a specific need exists due to unusual circumstances, and

- Space is available on an existing bus route.
- Special Consideration expires each year. Parent is responsible for requesting special consideration each year.

Parents should be aware that “Special Consideration” transportation is difficult to arrange. Also, because of the workload during the opening of school, requests may not be reviewed for three to four weeks. Requests for special consideration should be forwarded through the school principal to appropriate offices or contact Transportation.

## **VIDEO CAMERAS**

Video cameras are installed in RUSD buses to monitor and discourage student misconduct, thus enabling the bus drivers to operate the buses in a safe and efficient manner. Video may be reviewed by Transportation, school personnel, or Security officers as needed. (Board Policy 5131.1)

## **SCHOOL BUS DRIVER QUALIFICATION AND TRAINING**

To assure safe drivers for the students, the Rialto Unified School District requires all school bus drivers to attend regularly scheduled safety meetings and in-service training sessions to improve their skills in transporting students. In addition, State law requires each driver to have a valid School Bus Driver Certificate, first aid training, pass a physical examination, and obtain traffic and criminal clearances. School bus drivers are also subjected to Services of Transportation drug test requirements. School Bus Equipment to ensure use of safe equipment, all school buses are inspected daily by the bus driver on a regular basis and by the California Highway Patrol every 13 months. In addition, the Rialto Unified School District requires each vehicle to be certified that it meets all applicable regulations and laws relating to student transportation in the State of California.

## ROUTE CHANGES

Parents should be prepared for changes in buses, routes, and time of pick-up and delivery throughout the school year as a result of additions or withdrawals of students in the program. Overall route travel time will vary from route to route, depending on school and student home locations. After an initial adjustment period at the start of school, or upon reorganization of routes, the pick-up and delivery time should be consistent within approximately fifteen (15) minutes. Buses may run later during days of unfavorable weather conditions, such as fog and rain.

When bus arrival times change more than five (5) minutes, parents will be notified.

## ILLNESS

Special Education, GATE, Kindergarten, Limited English Program (LEP) students only - Please notify the Transportation Services and the school when you do not intend to send your child to school. If your child does not utilize his/her stop for one (1) week, the stop will be deleted and parents must call the school to have service reinstated. Please do not send even a mildly ill child to school because he/she may be acutely ill a few minutes or hours later. In fairness to your child and other children, keep a sick child at home. **If a child becomes ill at school, the parent is asked to transport the child home.**

## Communicable Diseases

A child who has a communicable disease will not receive transportation until there is a certification from the of Health or a medical doctor that proper precautions have been instituted to prevent the disease from spreading to other occupants in the bus or at school.

## **Medication**

Medication shall not be carried on the bus. Parents shall give all medication directly to the school office personnel.

## **PERSONAL ARTICLES**

Each item a child takes to school should be clearly labeled with his/her name and school they attend. In case of lost articles, check with your school or the bus driver. However, the bus driver and the school will not be responsible for personal belongings.

### **Procedure for Reporting Concerns**

To ensure prompt attention, all concerns should be reported immediately to Transportation Services first at (909)820-7862. The format below may be used as a guide for reporting concerns. This format will allow for prompt attention. Written concerns should be sent to the Transportation Supervisor at 625 W. Rialto Ave Rialto, CA 92376

1. Nature of concern, area of occurrence
2. Date and Time of occurrence
3. Bus number
4. Route number (if available)
5. Driver's name (if available)
6. Name, address, and phone number of person filing the concern

## FREQUENTLY ASKED QUESTIONS

### ***How do you determine if my student is a bus rider?***

Administrative Regulation 3541, provides that students residing beyond prescribed distances from their school of attendance will be eligible for transportation. For the purpose of determining eligibility, the “shortest walking distance” to the school of attendance shall be applied as follows:

1. For elementary school students:  
Grades K: one (1) mile  
Grades 1-5: one and one-half (1.5) miles
2. For students attending a three-year middle school:  
Grades 6-8: two (2) miles
3. For students attending a four-year high school:  
Grades 9-12: three and one-half (3.5) miles

Students who reside beyond the minimum transportation distances listed shall be eligible for transportation service.

### **What if I believe my home is not within the walking distance determined by the school district?**

If a situation arises in which it appears that a student should be eligible for transportation, the Transportation Office will investigate.

### **What if there are safety problems or hazards within the walking distance and I want my child transported in a bus?**

If a situation arises in which it appears there is a possible safety concern or hazard, the Transportation Office with the assistance of the Risk Management Services will determine if there is a hazard or safety concern.

### **How is the bus stop assigned to my child?**

Bus stops are assigned to the students by the home address on record.

Bus stops are established in the safest locations. All stops are made a safe distance from obstructions that could interfere with the safe loading or unloading of passengers.

### **What if I think my child's bus stop is unsafe?**

Contact Transportation Services immediately at (909) 820-7862 and report your concerns.

### **If my child leaves a personal item on the bus where do I go to retrieve the item?**

Personal items are the sole responsibility of the student. Rialto Unified School District is not responsible for lost or stolen items. Items found will either be returned to the school site or the bus yard. Please contact Rialto Transportation Services at (909) 820-7862 for lost items.

### **How does the school district and the school communicate with the school bus?**

All RUSD school buses are equipped with two-way radios.

### **What happens if there is no one to receive my non-self-release child or kindergarten student at the bus stop?**

If no one is present at the bus stop, an attempt will be made to contact parents. However, if that is not possible, the student will be returned to school. It will become the responsibility of the parent/guardian to pick up the student at the school site.

**My child receives curb-to-curb bus transportation but is a self-release; will my child be left at the stop if he/she cannot get into the home?**

For the safety of the student, if he/she is not able to get into the home or apartment complex, attempts will be made to contact parent/guardian. However, if that is not possible the driver will have the student re-board the bus and continue on route.

**What if the bus has not arrived to the bus stop?**

If you are reasonably sure that the delay is not due to weather conditions, please allow at least 10 minutes before calling the Transportation Services. School buses have to endure the same rush hour traffic conditions that plague commuters. A traffic snarl, an accident, or a longer-than-scheduled loading at a previous school bus stop can easily throw your bus 5 minutes off schedule. **Safety**, however takes precedence over punctuality in all cases. If the bus has not arrived, you may contact the Transportation Services at (909)820-7862.

**We are moving and need the bus stop changed?**

If you move during the school year or change your telephone number, please notify your child's principal as soon as possible or at least two (2) weeks before moving. Do not send or take the child to school and expect the bus to bring your child home to a new address unless you have been notified that transportation has been arranged.

**Are students required to wear a seatbelt while on the bus?**

When a school bus or student pupil activity bus is equipped with a passenger restraint system, all passengers shall use the passenger restraint system. (5 CCR 14105)

### **How many students are allowed to ride in a school bus or school pupil activity bus?**

School buses and student activity buses shall not be operated whenever the number of passengers exceeds bus seating capacity, except when necessary in emergency situations which require that individuals be transported immediately to ensure their safety. (Education Code 39834)

### **Am I able to get on my child's bus?**

Due to safety of student passengers and the driver, only assigned students and school officials are allowed to enter the bus. Parent(s) may ride the bus on a field trip as a school approved chaperone.

### **My child's home school has no more room and is attending a school further away from my home. Does my child qualify for transportation?**

Students who live within the walking distance from any school in the district will not receive transportation to and from school. Please contact your school site or Registration Center for additional information on "Overflow" students.

### **How safe are school buses?**

According to the National Safety Council, school buses are the safest form of ground transportation. In fact they are about 40 times safer than the family car.

### **Who do I call with a transportation problem after hours?**

Please contact School Safety and Security at (909) 820-6892 School Safety and Security has a list of contact telephone numbers and are able to contact staff members to handle any type of situation regarding school buses.

## **When should I stop for a school bus?**

**Yellow flashing** light indicate the bus is preparing the stop to load and unload students Motorists should slow down and prepare to stop. (National Highway Transportation Safety Administration [www.nhtsa.gov](http://www.nhtsa.gov) )

**Red Lights and extended stop** arms indicate that the bus has stopped, and that children are getting on or off Motorists must stop their cars and wait until the red lights stop flashing the extended stop sign is withdrawn. Proceed with caution.

## **Can my child ride home on another bus (unassigned bus stop)?**

Due to limited space and for safety and security reasons, only eligible students may ride the assigned bus. Any requests must be in writing and approved by both the Principal and Transportation Supervisor.

## **Once the driver knows my child, is he/she still required to have a bus pass?**

Yes. Students are required to have the bus pass with them while riding the bus.

## **My child is assigned to the same bus route and stop from last year, can he/she use the same bus pass?**

No. Students must have a valid bus pass for the current school year.

## **If I want to pick up my child from school, how do I ensure he/she will not get on the bus?**

Parents who want to pick up their child(ren) from school must contact the school.

**I have a student who receives transportation through the I.E.P., who should I contact?**

All Students who receive Transportation as a related service through the Individual Education Plan must contact the Special Education Services at (909) 820-7700.

**My child has an I.E.P., but transportation is not provided. Why is this?**

A child who has an I.E.P. does not automatically receive transportation unless the I.E.P. team writes this into the related services. If transportation is not included on the I.E.P. your child will be transported similarly to students who do not have an I.E.P in your district.

**What if a bus breaks down?**

Do not drive to the pick up your child. A bus will be sent to drive the student home.

**Can the driver require my child to sit in a designated school bus seat?**

Yes, students can be assigned to a seat. This is a practice used by many school districts to redirect behavior or maximize utilization of bus capacity.

**Special Equipment**

**Can a driver put use a Safety Vest (Harness) on my student?**

A Safety Vest (Harness) can only be used when it states the use of the equipment in the Individual Education Plan (I.E.P).

### **How are wheelchairs secured?**

RUSD buses are equipped with a four-point system using Q-Straint or a similar brand aircraft-style tie down.

### **Does my child's wheelchair need any special equipment?**

Every wheelchair must have a lap belt affixed to the frame, and the brakes must work to prevent the chair from moving. Lap trays may need to be removed and stored while the bus is in motion.  
(Reference Code: 13 CCR 1293)

### **Who is responsible for keeping the wheelchair in good repair?**

By law, the owner of the wheelchair is responsible to maintain the wheelchair in good condition and to meet the law requirement.

### **Will the bus driver transport my child if the wheelchair does not meet standards?**

No. Bus drivers are instructed not to transport any wheelchair which does not meet standards.

### **Is a school bus assistant required on school buses transporting special needs children?**

There is no regulation requiring school bus assistants on school buses. The assignment of school bus assistants is determined by the needs of the children riding the school bus.

### **Will my student be transported in a car seat?**

I.E.P.'s which require special equipment may request a Star Seat. A Star Seat is designed for student transport in a school bus.

**My child needs to use a walker?**

Walkers will be stowed away during transit and will be given back to the student once the student has unloaded at the destination.

**My child is temporarily using a wheelchair and can no longer ride on his bus. What should I do?**

Contact Health Services regarding your concern at (909) 873-4302
