MR. LEVI ALVIN BEMIS

BEMIS ELEMENTARY SCHOOL
774 E. ETIWANDA AVENUE
RIALTO, CA 92376

OPENED: 1966

Mr. Levi Bemis was born in San Bernardino, California in 1861. His family moved to the City of Rialto in 1862. Levi Bemis, along with other members of his family, were true pioneers of the Rialto area, even before the City was established. Mr. Bemis helped run cattle on the Rialto bench, and later, with two of his brothers, started a citrus nursery business. Mr. Bemis planted his own grove with trees from the nursery, was the Road Master of the Eastern part of San Bernardino County for a number of years, and he was the Zanjoe (in charge of water distribution) for the Lytle Creek Water and Development Company. Mr. Bemis was a highly respected trustee of the Rialto School District for two terms. His son, L. Roy Bemis, helped collect much of the information in the History of Rialto. Roy Bemis also served on the school board from 1941-1966. In 1966, the Board of Education opened Levi A. Bemis Elementary School.

MR. JOSEPH CALVIN BOYD

BOYD ELEMENTARY SCHOOL
310 E. MERRILL AVE.
RIALTO, CA 92376

OPENED: 1954

Mr. Joseph Calvin Boyd was a wiry-little red headed man who loved to arm wrestle. He was born at Boyd's Mill, Ohio, in 1861 and relocated to Southern California in 1887. He taught school in the Cities of Chino, Riverside, and Glendora, before becoming the teaching-Principal of Rialto Elementary School in 1903. While teaching in Glendora, Mr. Boyd planted his orange grove, in Rialto on the site of the school named after him. He would peddle all the way along the very bad roads from Glendora to Rialto every weekend on his bicycle to plant and care for his grove. He spent his weekends and summers in a little shack on the grove until moving to Rialto. After Mr. Boyd's first grove had become well established, he retired from his Principalship to devote his time to citrus work. In addition to his groves, he owned a Rialto packinghouse. He was revered for his "unselfishness and his sense of civic responsibility." He was a director and later president of the first Nation Bank in Rialto. He was a conscientious and effective member of the Board of Education of the San Bernardino High School District, of which Rialto was a part, before its unification. Mr. Boyd was also the Mayor of Rialto, and he was the President of the Citizens Land and Water Company.

MS. MILLIE MERLE SWEESY CASEY

CASEY ELEMENTARY SCHOOL
219 N. EUCALYPTUS AVE.
RIALTO, CA 92376

OPENED: 1958

Mrs. Merle Sweesy Casey came to Rialto as a child in 1887. The Sweesys were among the earliest settlers of Rialto, arriving as a part of the large group of Methodist families, who relocated to Rialto from Halstead, Kansas, to establish a college. Financial difficulties, unfortunately, prevented the establishment of the college, but the Kansas Methodists did play a main role in establishing the City of Rialto. In 1888, Merle Casey's father planted the first orchard of navel oranges in Rialto, located on Willow Avenue. Mrs. Casey's mother later became the highly regarded head of the Music Department at Mills College. Mrs. Casey married one of the first forest rangers of this area, Mr. Ben Casey. She took in and raised three children, desperately in need of a family, including a niece, and nephew, and an adopted baby girl. Mrs. Casey was very active in the Rialto Woman's Club, and served a trustee of the Rialto School District, during the 1920s. During her service on the school board, she played a major role in spearheading kindergarten at Rialto schools (previously all Rialto children had started school in the first grade). Mrs. Casey was remembered as "a very capable and very hard working woman." She worked, tirelessly, in maintaining and improving Rialto schools and the City of Rialto, whether it was to employ a qualified new school teacher, convince Rialto city council to pave Rialto's many unpaved streets, or improve local law enforcement. Casey Elementary School opened in 1958.

MR. SAMUEL VICTOR CURTIS

CURTIS ELEMENTARY SCHOOL
451 S. LILAC AVE.
RIALTO, CA 92376

OPENED: 1998

Mr. Samuel V. Curtis was born on August 21, 1921. He was known widely as a compassionate man who lived a life of service to students and seniors, above all. He moved to the City of Rialto in 1954, with his wife, Eileen. He taught in San Bernardino County schools for 27 years, seven of those years at Eisenhower High School. In 1974, he won a Rialto City Council seat and served the City for a total of 16 years. While on the city council, the former educator voted against any measure that would go against local schools, including adult clubs or any potential business, such as considering gambling establishments, which would not benefit the youth/students. Mr. Curtis dedicated over four decades of his life to his community. He was president of the Rialto Exchange Club and served on the Non-Violence-In-Our-Community-Schools Committee, the Rialto Task Force on Youth, and the Youth/Teen Center Subcommittee. He was also involved in the Seniors 2000 Committee and would often provide straightforward and passionate editorials to the Rialto Record newspapers, giving the press information so the public could stay aware. The World War II Navy veteran passed on November 10, 2000, at the age of 79. He is survived by his three sons, one daughter, and many grandchildren. Mr. Curtis is buried at the Riverside National Cemetery. His obituary stated: "Sam V. Curtis, a Rialto councilman, longtime school teacher, known for this tenacity and honesty, died following surgery." Curtis Elementary School opened in 1998.

MRS. HELEN LUNDSFURD DOLLAHAN

DOLLAHAN ELEMENTARY SCHOOL
1060 W. ETIWANDA AVE.
RIALTO, CA 92376

OPENED: 1985

Mrs. Helen L. Dollahan was born in Columbiana, Ohio. She started her career in education as a high school teacher in Apple Creek, Ohio, and then came to San Bernardino in 1945 where she taught at Arrowview Junior High School, and then served as a teacher and counselor at Pacific High School. She transferred to Eisenhower High School when it opened in 1959 and served as assistant principal at Ike from 1959 until her retirement in 1981. During her 22 years at Eisenhower HS, Mrs. Dollahan played a major role in establishing and supporting the Rialto Community Scholarship Association. She provided great leadership for this group, which over the years has awarded scholarships to hundreds of Eisenhower graduates. The 1963 dedication of Eisenhower High School's annual, "The Aquila" stated, "Time will not eraser her profound kindness, her friendly understanding, her winning smile, the helping hand she offers to those who seek her help". Dollahan Elementary School opened in 1985.

MR. GEORGE HAMILTON DUNN

DUNN ELEMENTARY SCHOOL
830 N. LILAC AVE.
RIALTO, CA 92376

OPENED: 1957

Mr. George H. Dunn was born in Canada in 1876 and moved with his family to Rialto in 1895. He worked as a train messenger until his retirement in 1941, and then was appointed to the Board of Trustees of the Rialto School District in 1942, after the death of his cousin, School Board President William T. Dunn. Mr. George Dunn was a diligent member of the Board of Education and his influence in helping with the planning and development of the schools was far reaching. He forecast that the major development of Rialto would take place in its sparsely populated northern portion, at a time when the City was still a small farming town. Mr. Dunn was a large, jovial, and outgoing man who loved children and adults alike, and who knew virtually everyone in town. Everyone enjoyed meeting him and visiting with him. He became good friends with the teachers and custodians at the Rialto Elementary School and the Rialto Junior High School (then the only schools in town). He made regular trips to the school to visit the school cafeteria around noon to lunchtime so he could meet with the teachers, custodians, and pupils. Dunn Elementary School opened in 1957.

DR. EDWARD MICHAEL FITZGERALD

FITZGERALD ELEMENTARY SCHOOL
2568 W. TERRA VISTA DR.
RIALTO, CA 92377

He graduated as Physician/Surgeon from the University of Minnesota in 1932 and later moved to the City of Rialto to start his medical practice in 1948, after having served with the U.S. Army during World War II. He would make house calls at any time of the day or night. He would often not charge when he thought a patient was unable to pay. His philanthropic causes grew the longer he lived in Rialto. He served as the Mayor of Rialto from 1958 to 1962. He was also on the Rialto City Council during 1975-1976 and served as the first chairman of Rialto's Water Commission. He served at a different times as Chief of Staff at both the San Bernardino Community Hospital and St. Bernadine's Hospital in San Bernardino. Dr. Fitzgerald was always available to help, give advice, or just "be a friend to anyone" who needed him. Race, Religion, or community status made no difference to him. He was held in the highest esteem by all who crossed his path. Fitzgerald Elementary School opened in 1994.

DR. ERNEST FELIX GARCIA

After two years at Dunn, he began to work on his doctorate at UCLA and completed the degree in 1966. In 1967, he became a professor in the Education Department of the University of Redlands. A year later, he joined the faculty of the Education Department at the recently opened Cal State, San Bernardino. During the time he was teaching at Cal State, he was elected to the Rialto School Board, where he served 9 years from 1970-1979. Dr. Garcia is highly regarded as one of the "most influential Latino leaders" in the Inland Empire. In 2015, The Garcia Center for Arts in San Bernardino was named in honor of Dr. Garcia and his wife, Dr. Dorothy Garcia. Over the age of 90, Dr. Garcia retired as the President of the Garcia Center in 2020. The couple lives in San Bernardino. When times permits, Dr. Garcia visits his namesake school, which is located in Colton, but a part of the RUSD. Garcia Elementary School opened in 1994.

MRS. LIDA MARIA HENRY

RIALTO, CA 92376

OPENED: 1954

Mrs. Lida M. Henry was born in Ohio in 1853. She relocated to California in 1888. She lived in Riverside, and commuted, by horse and buggy, each school day to teach in the City of Bloomington. Mrs. Henry was hired by the Rialto School District in 1901 as a teacher of primary grades and was known as a "beloved" teacher of Rialto children, until her retirement in 1915. Her extraordinary devotion to her pupils can be seen in the minutes of the Board of Trustees meeting of January 4, 1906: "Miss Henry being present, asked to be allowed to teach until 4:00 p.m., instead of letting out at 2:00 p.m., as the law requires and as she has previously done, claiming that she has so many scholars as she cannot do justice to them all in so short a time." She was allowed to have double sessions, divided the 51 pupils in her class into morning and afternoon sessions. Teaching was her biggest passion in life. Lida M. Henry had a great love for Rialto, and showed her generosity by donating the land for the Women's Club house which sits today at Downtown Riverside, and is known as the Woman's Club of Rialto. Mrs. Henry was a private woman and not much more is known about her other than her students cared for her a great deal. Henry Elementary School opened in 1954.

2241 N. APPLE AVE.
RIALTO, CA 92377

MR. JOHN PATRICK KELLEY

KELLEY ELEMENTARY SCHOOL
380 S. MERIDIAN AVE.
RIALTO, CA 92376

OPENED: 1960

Mr. John Patrick Kelley was born in Illinois and grew up in South Dakota. He worked for the railroad as a fireman, and then as an engineer in locomotives, but wanting to avoid spending time away from his family, he followed this by running a grocery store and then a lumber yard. He moved from South Dakota to Rialto in 1919. Mr. Kelley ran a garage business in Rialto and then worked for the Pacific Electric Railroad as a sub-station operator for 23 years, until his retirement in 1923. He managed the sub-station at night and worked at another job during the daytime, and became known as "24-hour Kelley." Mr. Kelley was appointed to be the Rialto School Districts first crossing guard in 1949, and continued that work until his death in 1958. The small town of Rialto had such light traffic in its early days that no one saw the need for a school crossing guard, but in 1949, the town had grown enough so that traffic was becoming heavier, with more students entering schools, and Mr. Kelley pioneered the role of a crossing guard. He trained the elementary school children to wait for a safe time to cross rather than allowing them to become dependent on the crossing guard. Many recognized that the former fireman's teaching of safety for students walking to school was a vital part of early childhood education. Students enjoyed seeing Mr. Kelley each morning, and they looked forward to greeting him on their daily travels to and from school. Kelley Elementary School opened in 1960.

In 2009, the RUSD Board of Education voted, unanimously, to name the District's 19th elementary school after lifelong teacher and beloved administrator, Nancy Ruth Kordyak. She dedicated 40 years of service to the Rialto Unified School District; the first 24 years, as a classroom teacher, and the next 16 years, as an administrator. The San Bernardino High School and Long Beach State alum began working as a teacher at Kelley Elementary School in 1962. Mrs. Kordyak remained working at Kelley for 25 years. MR. ALBERT HARVEY MORGAN

MORGAN ELEMENTARY SCHOOL
1571 N. SYCAMORE AVE.
RIALTO, CA 92376

OPENED: 1961

Mr. Albert H. Morgan was born in Leon, Kansas, but spent his early years in the City of Riverside. He moved to the City of Rialto in 1904 to manage a citrus packinghouse. Mr. Morgan brought the first electric lights to a Rialto packinghouse. In 1916 he became manager and owner of his own packinghouse. He owned and farmed 250 areas of oranges and grapefruit in the Rialto area. Morgan Elementary School is on the site of his former groves. In 1929 Mr. Morgan perfected a sodium carbonate preservative for citrus which extended the "fresh" life of citrus during shipment and storage. Although offered a great deal of money for his invention, he donated the patent to the citrus industry at large, saying that the citrus industry had been very good to him and he believed he owed it something in return. Mr. Morgan provided Rialto with great entertainment during the 1930s by organizing a championship night ball team, and building a lighted community Ball Park with bleachers and for fans to enjoy the games. He also sponsored a night ball team for girls. He was elected to Rialto's first city council in 1911. He was very active in civic projects, such as serving as chairman of the San Bernardino County Red Cross, a pioneer of the National Orange Show. He had an octagonal building constructed for the Rialto Boy Scouts. He performed regularly with various singing groups. He helped many males in trouble with the law during his 15 years of service on the San Bernardino County Probation Board. He advised and encouraged them, and often gave them jobs in his business or helped them locate jobs. He always considered this one of his most important contributions. Few people knew about this role in his work. Mr. Morgan's daughter, Mrs. Jean Morgan Randall, taught for 20 years in Rialto's Elementary schools, and his son, Al Morgan, Jr., served two terms on the San Bernardino High School Board. Morgan Elementary School opened in 1961.

MRS. GEORGIA FLOYD MORRIS

MORRIS ELEMENTARY SCHOOL
1900 W. RANDALL AVE.
COLTON, CA 92324

OPENED: 1999

Mrs. Georgia Floyd Morris was a trailblazer in the Rialto Unified School District, who broke racial and equity barriers. She was born on December 21, 1922, in Georgia. Her highly successful career in education began in Waverly Hall, Georgia, and ended in the Rialto Unified School District. She began working in the RUSD 1967 in administrative posts in Human Relations, Head Start, Guidance, Personnel, and Child Welfare and Attendance. Mrs. Morris, whose Rialto home was a shrine/museum of African American, Latin, Native American, and European historical artifacts was a place where many educators visited often. "My home represents all the children I have served," she smiled. "Children need to identify with us before they learn." Mrs. Morris was once a youth counselor for the California State Department of Corrections Addiction Division at Norco and Hollywood. During her time at the RUSD, she brought innovative ideas and concepts to school leaders. Her accomplishments in the field of administration were impressively many, before coming to the RUSD; including holding the position of Assistant Superintendent of Schools, in Harris County, Georgia, and serving as Director of Indian Education. She brought the concept of the now State-recognized District Student Advisory Council (DSAC), firmly stating: "Students should be a part of education not only in the classroom but as young leaders." She earned many awards, including the 1988 Presidential Citation from the National Association of Equal Opportunity in Higher Education, the Dr. Martin Luther King Jr., Education Award, the Southern California Edison Leadership in Community Activities Award, the Rialto Record's Education Leader to Watch, and the Black Voice New's Women's Achievement Award. Mrs. Morris' husband, Rudolph Morris, an only child, Donald, passed years before her. She did not remarry. Mrs. Morris is the only African-American woman to have an elementary school namesake after her. Mrs. Morris passed on December 11, 2011. Morris Elementary School opened in 1999.

MR. WINAFRED ABRAHAM MYERS

MYERS ELEMENTARY SCHOOL
975 N. MERIDIAN AVE.
RIALTO, CA 92376

OPENED: 1959

Mr. Winn A. Myers relocated to the City of Rialto from Troy, New York, in 1888. Mr. Myers worked for a year after arriving in California, on a farm, which was located where the San Bernardino County Hospital now stands. One of his jobs was with the old Chris and Snow Nursery, which is known as the Ferris-Morris Seed Company. On the advice of Mr. Morris, Mr. Myers acquired ten areas of land on North Pepper (Avenue) below Baseline (Road) and planted an orange grove that became so productive that it was the envy of many other growers nearby. Mr. Myers irrigated his grove with water from Lytle Creek, which flowed to the grove through wooden flumes. He loved to grow flowers at his home, and it became known as the "Flower Place." People also remembered Mr. Myers for his booming voice. He was loud. When he spoke, he could be heard a block away. Mr. Myers always worked to improve Rialto. He served for 20 years as a Clerk of the Rialto School Board, after having been elected to the Board of Education in 1908. Mr. Myers was also on the Board of Directors of the Lytle Creek Water and Improvement Company for many years. During this time, he made great contributions to the development of water suppliers in the Rialto area. Mr. Myers was always very concerned about the well-being of children, worked to improve Rialto's schools, and regarded the Rialto schools as the very best in all of San Bernardino County. He remained active and vitally interested in school activities until his death in 1956. Myers Elementary School opened in 1959.

MRS. LENA MARIE PRESTON

PRESTON ELEMENTARY SCHOOL
1750 N. WILLOW AVE.
RIALTO, CA 92376

OPENED: 1955

Mrs. Lena Marie Preston was born on a farm in Germany in 1877 and moved to the City of Rialto in 1905. In addition to caring for her own large family, she turned herself into an “unpaid” one woman welfare agency for Rialto, at a time before any government welfare agency existed. There was never a call for help that she was not the first to answer. At times, when Lytle Creek was full of water that San Bernardino doctors were not able to cross the wash in their buggies to reach Rialto, she delivered many babies herself. Dr. Walter Cherry, an early Rialto doctor, recalled: “Whenever I need to transport someone to the hospital and could not break away, I simply called Mrs. Preston and it was as good as done. I don't know why she wasn't on my payroll.” Mrs. Preston's social life centered around two organizations: First Methodist Church and the Rialto Woman's Club. In both organizations (naturally) she was the Welfare Chairman. Members of the Woman's Club who were contacted said, “You never had to be concerned over a welfare project if Mrs. Preston was there. She just quietly organized it.” She did an enormous amount of volunteer work with the Red Cross during World War I and II, where she was a whirlwind of energy on the Red Cross Board. She worked with sewing groups and mailed gifts overseas. Mrs. Preston distributed food to those in need during the depression years and did medical and child welfare volunteer work for the Community Chest for many years. Perhaps her best known contribution to the Rialto schools was in starting “a free milk” program. She made sure that little children received milk, and also insured that no family was deprived of milk because they could not pay their bill. Many times she just quietly paid the bill from her own pocket. She did not publicize her actions, and in turn, many recognized her true heart for all youth. Preston Elementary School opened in 1955.

MR. SAMUEL WALTER SIMPSON

SIMPSON ELEMENTARY SCHOOL
1050 S. LILAC AVE.
RIALTO, CA 92376

Mr. Simpson was the Principal at Watt's from 1949 to 1955 and then became Assistant Superintendent of Personnel Services until his retirement in 1981. Mr. Simpson was so passionate about hiring the best teachers, it is widely known that he would make regular recruiting trips to the east coast and the midwest to select teachers for the Rialto Unified School District. He and Dr. John Milor (of Milor High School) had the foresight to buy land for school sites before the prices for property had soared; this action saved the District thousands (millions in today's calculation) Mr. Simpson was dedicated to serving the youth of the community and participated in many clubs and organizational activities in Rialto. He was the Director of the Rialto Summer Youth programs and worked with Mr. Carl Johnson on recreation programs for the youth and children of Rialto. Simpson Elementary School opened in 1987.

MR. WILLIAM JOSEPH CHRISTIAN TRAPP

He helped to organize the American Legion Post, Robert Allen Romo, and was its commander for years. Mr. Trapp served on the Board of Trustees of the Rialto School Board for 29 years, from 1933 to 1962, and was the President of the Board of Trustees for 20 years, from 1942 to 1962. He missed only one school board meeting during all those years. He was very forthright in expressing his ideas and fought passionately to make the Rialto schools the best that they could be. He played a large role in planning the growth of the Rialto School District, with the number of elementary school students increasing from 300, at the time of his first election to the School Board in 1933, 4,800 elementary pupils, at the time he left the School Board in 1962. When the W. J. C. Trapp Elementary School was named after him in 1964, it was the first time that a Rialto school had ever been named after a living person. He, along with his family, was very proud. Trapp Elementary opened in 1964.

MRS. CHARLOTTE NAN WERNER

WERNER ELEMENTARY SCHOOL
1050 W. RIALTO AVE.
RIALTO, CA 92376

OPENED: 1964

She volunteered her time with the PTA, Girl Scouts, booster club, and later after the Werner children graduated, Charlotte would continue to be an active member of the Exchange Club of Rialto, along with the District level of the PTA. She spent every moment possible trying to improve school programs. She fundraised tirelessly for everything that the youth of Rialto needed. From Red Ribbon Week to Scholarship Night, Mrs. Werner stayed involved. At the age of 47, she welcomed her first grandchild with loving arms. Unfortunately, Mrs. Werner's life was cut short unexpectedly on March 17, 2007. Mrs. Werner will always be remembered as a strong advocate for youth programs in the community. Werner Elementary School opened in 2008.

General Dwight David "Ike" Eisenhower was born October 14, 1890, and passed in March 28, 1969. He was a Five-Star General in the United States Army, and the 34th President of the United States, from 1953 until 1961. During World War II, he served as Supreme Commander of the Allied forces in Europe, with responsibility for planning and supervising the successful invasion of France and Germany in 1944–45, from the Western Front. In 1951, he became the first supreme commander of NATO. A Republican, Gen. Eisenhower entered the 1952 presidential race to counter the isolationism of Sen. Robert A. Taft, and to crusade against "Communism, Korea, and corruption" (that is, the policies of President Harry Truman in those areas). He won by a landslide, ending two decades of New Deal control of the White House. As President, Eisenhower threatened to use nuclear weapons, forcing China to agree to a cease-fire of the Korean War. He maintained pressure on the Soviet Union during the Cold War, gave priority to inexpensive nuclear weapons, and reduced the other forces to save money. He had to play catch-up in the Space Race after the Soviets launched the Sputnik satellite in 1957. On the domestic front, he helped remove Joseph McCarthy from power but otherwise left most political chores to his Vice President, Richard Nixon. Gen. Eisenhower's two terms were peaceful, and generally prosperous except for a sharp economic recession in 1958–59. Historians typically rank Eisenhower among the top ten U.S. presidents. Eisenhower High School opened in 1959, and remains the flagship school which has also graduated top, national scholars.

Judge Watts was a pioneer in his great efforts to help straighten out the lives of children and young adults who got into trouble with the law. Many young men who had been troubled youngsters and who had received Judge Watts help came to his funeral to pay their respects. Judge Watts made it his purpose to assist the underprivileged, quietly. His generosity also showed itself when he used his own money to buy gifts, and then distribute them to children of impoverished families on Christmas Day. According to historians, "Judge Watts was one of the finest and most beloved people ever to live in the City of Rialto." Rialto Elementary School was opened in 1950 and changed its name to Roscoe E.
