Maya Faurrietta wants to be a gardener when she grows up, and as you can see from her photo, she is well on her way! Maya, a transitional kindergarten student at Simpson Elementary School, kept up her studies through Distance Learning to end the school year. It helps to have a great teacher like **Mrs. Neely** leading the way. Heartwarmingly, Maya calls her teacher her hero. "I like how she teaches me," she said.

C. COMMENTS

C.1 PUBLIC COMMENTS FROM THE FLOOR

At this time, any person wishing to speak on any item **not on** the Agenda will be granted three minutes.

Superintendent, Dr. Avila, read the following public comments, which were received via email:

Paula Bailey, proud parent of three children who have graduated from the District, thanked the Nutrition Services team for their amazing work in providing students' daily meals. She thanked administrators and staff who were present during the DSAC ceremony, which meant a lot to her son who will cherish the opportunity. She also thanked the staff at Milor, particularly Ms. Cynthia Pool, who was fundamental in her son's graduation. She is hopeful that the District will consider a traditional graduation, in the near future. In the meantime, she is aware of other districts doing a virtual graduation video, and feels it would be great if Rialto could offer the same to the students.

She shared that she has heard the State and County Superintendent release statements regarding financial cuts and hopes that whatever is decided for the 2020-21 school year, that all teachers and staff members remain employed.

Anita Schulz, parent of two elementary students in the District, shared her concerns regarding students not being able to return to school the way it was prior to the quarantine. She questions how California is opening up everything as part of phase 3, yet children are not able to return to school full-time. She fears that the District is feeding more into the panic. She indicated that if other Districts have returned to school, that we need to follow their models. During the past three months, government offices and essential businesses have been utilizing safeguards in order to remain open during the pandemic, and she feels the District can follow similar safeguards in the classroom. She recommends the District spend the necessary money to make this work for the sake of the children. She asked the District not to ignore the impact that distance learning has had and will continue to have on the mental and emotional health of the students. She feels that distance learning has too many limitations and it is difficult to keep students engaged. She concluded by stating that Rialto USD needs her children for funding, but she will not allow Rialto USD to receive funding for her children when she is the one doing the homeschooling. She asked that school resume 100% with proper safeguards, otherwise she will be left with no other choice but to dis-enroll her children and find other alternatives.

Lara Costello, parent of an elementary student in the District, expressed her concern for the possibility of Rialto USD not returning to full time on-campus teaching and instead continue with distance learning. She shared that as a family of two full-time essential workers, they are unable to provide enough hours to their elementary children to complete distance learning. She also shared that they chose to place their children in public school in order to allow professionals to educate their children. She and her husband were taught differently and they do not understand the way lessons are taught now, which causes frustration and stress for the children, the parents and the teachers. Her biggest concern is the amount of education that is lost due to distance learning. She recommended that guidelines are reviewed carefully and that they are implemented in order to return children to traditional full-time school, and not distance learning.

Gabriela Sanchez, student at Eisenhower High School, requested that the Board consider giving the students the opportunity to host a law enforcement club at Eisenhower High School. She has spent the past three years in this program and the students and teacher have worked hard to achieve criminal law studies. She has heard that the law class teacher is not returning to Eisenhower this coming year. This club would at least continue some part of law enforcement at Eisenhower High School.

Tobin Brinker, History teacher at Frisbie Middle School, shared that he loves his job, and teaching the kids of Rialto has been a blessing. He has been coaching the *Frisbie Students Run LA* team, where he trains the kids to participate in the LA Marathon each year. This year they were able to make it to the marathon before the quarantine. He indicated that running with the kids is where he gets his joy; and seeing all the schools closed made him sad. He therefore decided to create a marathon route in Rialto. He first ran the route on his own and then had some students, teachers and friends join him. He is thinking of running this Rialto School Marathon route again when school returns

Mr. Brinker also shared some of the activities and events that teachers planned for the end of the year, when students came back to return their books and empty their lockers. He also shared that last year he was invited by the Nutrition Services team to participate in their summer program at the park. This year, although it was different, he was invited back and helped hand out food to students. He thanked Sarah Dunbar-Aguilar for the invitation and encouraged teachers on the Rialto Education Association Facebook group to help with this year's summer program, which will include online activities.

Nancy Porter, parent of Rialto Unified School District, asked that the plan for next year be shared with the parents. She indicated that many parents depend on their children to be at school while they work to support their families.

Mirna Ruiz, PTA President, gave a shout out to the Nutrition Services staff for the amazing work to make sure children and community have something to eat. She thanked Dr. Avila for assuring parents that he is working on making sure that students will have the education they deserve. She also asked the Board to be cautious when approving items that will require spending money on computer programs. She asked that they first request data and reports that will support the need. She provided the example of the Board approving to spend a total of \$102,000 on a computer program to monitor English Learner students, yet monitoring does not directly help the students if they do not get the individual help and support they need. She requested that English Learner students and students receiving special needs do not get left behind and hopes there is a plan in place for them.

Sixta Iribe, parent of elementary student in Rialto Unified School District, shared her concern that school will not be back to normal as pre-quarantine. She indicated that distance learning took a toll on her and her child. She and other fellow parents agree that distance learning is a huge challenge. Working a full time job at a hospital and having to become a teacher for her child was a challenge. She would much rather have her child at school learning from an educated teacher with credentials. Since so many businesses have opened, schools should follow similar protocols. She suggested kids be screened before entering class and that teachers wear masks. She shared that tax dollars are being paid in order for children to be at school, being taught by qualified teachers and she will not fund Rialto USD if distance learning continues. She is asking that school resume with proper safeguards.

Christina Parrish, PTA President at her son's elementary school and PTA 4th Vice President at council level, shared her concerns for students if District continues with distance learning. She indicated that the District has not provided any information to students, parents or staff, and she would like to know what the plan is for next year. She has heard speculation about continued distance learning, half-day schedules or some days on campus and some days off. She is asking how the District expects this to work when the majority of families in Rialto consist of two working parents who barely make it on that. She feels that distance learning was a complete

disaster. Her son finished second grade and she did not feel he learned anything during the google meets. She indicated that distance learning does not work for elementary students. She gave several examples and explained that many parents have full time jobs and cannot be expected to be home to teach their children at the same time. Socialization and education is a key to become successful adults and she believes distance learning is not beneficial for secondary students.

She took a survey within her neighborhood and found that 70% of parents would like their students to return to school and only 32% said they would allow their children to return if there was a vaccine. She feels that if we can open everything else in the Country, such as child care facilities, movie theaters, gyms, and huge corporations, it is safe to open schools with the precautions being met. She is worried that the new year is approaching quickly and if the district cannot provide information, she will be forced to look elsewhere for her son's education.

C.2 PUBLIC COMMENTS ON AGENDA ITEMS

Any person wishing to speak on any item on the Agenda will be granted three minutes.

Superintendent, Dr. Avila, read the following public comments, which were received via email:

Tracy Luna, classified employee who works with Special Ed students, expressed her concern regarding the recent news that many Instructional Assistant positions will eventually be terminated. She indicated that these positions are vital to student success and the ability of the teachers to effectively run their classrooms.

Margie Taylor, shared her concern with potential layoffs. She indicated the classified staff work very hard to maintain a stable environment for parents and children at our schools. She has noticed that whenever there is a layoff involved, the classified employees get hit the hardest. She requested that the Board of Education take a close look at the jobs to determine what is truly needed.

Cynthia Clarke, Buyer, Nutrition Services, shared the turn of unfortunate events during the past four months and the financial ruin that many are facing. She was so grateful for being placed on a modified schedule during the quarantine, and saw how hard the Nutrition Services staff continued working. She decided to make and donate to them over 250 masks. However, when she read the Board agenda for the June 10, 2020

Board meeting, she was very shocked that layoffs were so bluntly announced. She understands these are uncertain times, but did not feel it was the time to make such decisions. She was shocked and disappointed that the list included so many crucial positions which directly affect the safety, education and particularly the direct nurturing of the minds of the children of the Rialto Unified School District. She asked that instead of announcing layoffs as a threat, if the funding doesn't come, that a plan be developed by all involved to keep all the jobs.

Ann Marie Secor, Account Clerk II, at Rialto High School, shared that the layoffs are a horrible way to treat all the hardworking people of this District. They are the ones who keep the District running and deserve better. She indicated that panic layoffs are not the answer and people need to get back to some semblance of normalcy. She asked that everyone be given a chance to get back to work.

Claudia Reyes, classified employee, shared her disappointment with the proposed layoffs. She indicated that she was shocked and appalled that decisions are being made without consideration of the students and staff. She asked that the District reconsider their decisions, as it will affect the students and the staff. She requested that the District meet with the union chapter to come to a resolution that will benefit everyone, especially the students that need classified staff in their daily educational lives.

Mykiah Harding, classified employee, indicated that it is unfair to take away the jobs that so many have worked so hard for. She asked that the Board think of all the families that will be affected and all the children who depend on their assistance. Students are their priority and they are the ones who provide the bonding and encouragement for them to succeed. She said she is deeply saddened by this pathetic decision and hopes that their voices will be heard for the sake of continuing to build futures, not only for staff but also for the students.

Ray Verdugo, District Officer assigned to the Safety Patrol and Intervention Services Team, who has worked in this capacity for nearly 15 years. He shared many of the services that they provide to students, teachers, staff, and administrators. In addition to maintaining a safe learning environment, they provide the following intervention services: Crisis Intervention; Crisis De-escalation; Conflict Resolution; Anti-Bullying; Suicide Intervention; and Gang and Drug Awareness. He indicated that the parent support that the day shift officers receive for the services they provide to the elementary schools students is overwhelmingly strong. To completely eliminate the 11

Safety and Intervention Officer positions would also eliminate the trusting relationship they have developed, and it will deprive the elementary school students of those safety and intervention services.

Heidy Alarcon, Instructional Assistant, shared that she cannot begin to imagine the upcoming decision to terminate all the hard working people that help a school go round. She works hand in hand with teachers who she has helped make a difference in the education of students. She shared that the time they have dedicated has been with a purpose and a mission, and the relationships students build with classified staff is one they will miss.

Cynthia Robles, Instructional Assistant II (RSP/SDC), who has been volunteer since 2015 and classified employee since 2016, shared that she would like to join in the fight to ban the proposal of massive classified layoffs. She has lived in Rialto 19 years, and has five children, two who graduated from Eisenhower High School, and three who currently attend middle schools and elementary schools in the District. Her plan is to continue as an employee of the Rialto USD until retirement. She is urging the Board to please reconsider their decision.

Rosina F. Gonzalez McCraley, Secretary II at Rialto High School, who has been employed by the Rialto USD since 2009, shared her concerns regarding the layoff notices. Her spouse also works for the District and they have often said how blessed they are to have their jobs. She understands that in business, hard decisions have to be made, but to see layoffs added to the agenda without notice was a punch in the gut and a slap to the face by this leadership. To see the list of positions and the clause that more can be added by December 31st left a horrible taste in her mouth. She indicated that people who have come to work every day with a smile, to help students and parents, have essentially been listed as expendable. She is urging the leadership of this District to rethink its position and to look at how other Districts will manage without massive layoffs. She asked that if we are all really together in this, that it is time to look at how money can be saved elsewhere, and not in eliminating people.

William Villalpando, Child Development Instructional Assistant, shared her opposition to Resolution 19-20-55 and requested that the unions negotiate with District personnel, as they need to be a part of these negotiations and decisions.

Sonia Herrera, Instructional Assistant III, shared some of the challenges we have had to face within our society, such as the Corona Virus, distance learning, the racial inequality protests, rioting, and now the possibility of

layoffs. She indicated that it is an honor to be part of the Rialto Unified School District, which is a community that is supported by each other. She feels that the community has grown stronger during these tough times. However, many of the proposed layoffs are targeting supporting staff. These are people who have formed special bonds with children and families and who support their schools to the fullest. She questioned how schools would continue to serve families to its fullest potential by taking away the support that they need. She understands that some financial changes need to be made, but she is sure there are other ways. She is requesting that the layoff proposal not be passed, as not only will the staff be affected, but also many families in the community.

Karen Villalpando, Instructional Assistant III-SE (SED/MH) expressed her opposition to Resolution 19-20-55, and indicated that the union should have been made aware of this resolution from the beginning. She said that the union needs to be involved in all future negotiations with the District personnel on this resolution.

Kathy Martinez, shared her disappointment with the amount of layoffs being proposed. She explained how they are needed in the classroom to assist students with everyday work and indicated that the proposed layoffs will not only affect the employees, but also the teachers and the students. She is asking that the union be involved with any negotiations that involve classified employees.

Kapena Kamakawiwoole, Maintenance III classified employee, shared that he is one of the positions being eliminated. He indicated that he is not a statistic, he is an employee and eliminating his position will affect many positions below him. He understands that this reduction is needed based on the initial proposed budget, but the budget since has been revised and is being increased. Therefore, he feels it is premature to be looking at any cuts at this time.

Elysha Bascomb, classified employee, shared that these positions are far too important to be cut primarily due to the impact each of the employees have on the students. She indicated that many of the most hardworking students rely on countless classified staff in order to succeed. She requested that these positions not be eliminated.

Evelina Quiroz, classified employee, indicated that she was recently made aware of the District's intent to propose massive layoffs at tonight's Board meeting and the news was shocking and repulsive. She explained that many of these employees are dependent on their jobs to take care of their

loved ones, and without a job or uncertainty of a job will cause unnecessary stress on top of everything they are facing now. She is requesting that the district work together with a foundation of clear communication.

Patricia Conner, Safety Intervention and Community Engagement Specialist, shared her concerns on the proposed layoff Resolution No. 10-20-55. She indicated that changes were expected due to the COVID 19 stay home order and distance learning, however, she asked that decisions not be one sided. She explained that there are married couples, partners, siblings, parents, and children that work in the same department and or classifications that are slated to be cut. She is requesting that if the District has to do a layoff, that the selection of positions be revisited to be inclusive of every department.

The LA LIT Review, an Education Consulting Firm, commented on the layoff resolution and shared concerns as to whether this decision is premature. They questioned whether the District has explored all possible avenues before cutting people and why safety officers are being cut when the schools will still need them. They questioned why the District is cutting some of the low paying positions and not starting at the top. They asked whether the Superintendent, Assistant Superintendent and Lead Strategic Agent have been invited to take a pay cut. They shared comments on many of the Board items on the agenda and the fact that money is being spent on services that may not be needed, particularly since it is not known what the new school year will look like. They made a request to postpone voting on these proposals and pay cuts until a later time.

Tobin Brinker, History Teacher at Frisbie Middle School, shared his concerns on the resolution the Board is being asked to vote on at tonight's meeting, which will potentially eliminate hundreds of positions and save \$17,651,128. He shared the list of positions, which total 340 jobs. He talked about the reason why the name of the position is listed but not the names of individual employees. He explained that this is done due to people having seniority and there will be bumping as they move into other positions, but perhaps the plainest reason is because Board members will know the people on the list. They are people who live within their community. He suggested that before they vote, they should consider several items, such as: Reducing management jobs in order to have the least impact; Looking at which jobs work directly with children; how much is saved by each classification, etc. He recommended that decisions not be made in fear and asked that the Board think of the students whose lives will

be impacted and balance the financial strain of the current economy versus the needs of those kids.

Isaura Zuniga, District Interpreter Translator, shared that she is disgusted with the massive layoffs the District has proposed. She explained that in the translation department, they have many essential duties, but the most import is interpreting at IEP meetings and translating IEPs. She indicated that they are well behind in their written translations of IEPs and currently they are translating those from the month of December. Other surrounding Districts have twice as many interpreter/translators and now the Rialto Unified School District is proposing to lay off three interpreters. She asked that they look at numbers and data before making a drastic decision.

Carlos Ramirez, classified employee who started as a Custodian I and has worked his way up to Maintenance Worker III, shared that it was not an easy task to work his way up to one of the higher positions of the Maintenance Department, but with all the years of training, knowledge of multiple trades and dedication, he knew he could make it. He said he now finds himself wondering how a District he's worked so hard for is not doing the same for its loyal employees. He believes hard work should be rewarded and you should be able to find a solution that benefits the employees and the District.

David Chaparro, classified employee shared that there are definitely other ways to get through the storm from what COVID-19 has done to the District and get back in order. He stated that classified staff are people and individuals who have families to provide for during these crazy times.

Andrea Garibay, classified employee, opposes the Resolution No. 19-20-55, and requested that the union negotiate with District personnel.

Juanita Vasquez, classified employee, shared her deep concern to the proposed massive layoff and the catastrophic effect it would have on students and staff. As a grandparent of four students of the District, she knows firsthand how this situation has already affected them both personally and socially. She has seen the emotional roller coaster, as they are unable to interact with their favorite officer or clerk at the front office. She talked about the nurturing children receive from staff when they are away from home, which is valuable and fundamental. Classified staff is strong and they never step away from any challenges no matter how tough.

Ylhihana Pimentel, Interpreter Translator, who has worked for the District for almost 10 years and considers this District her family, indicated that it is our duty as a District to be the example of what we want our children to be in the future as adult leaders. She said that we need to show our students that the District is a team and we look out for each other in time of sorrow, pain and sickness, and it would be unfair to add to employees the stress of financial instability at this time. She feels that the proposed layoffs are unjust and heartbreaking and we need to find a better solution to the possible budget cuts. She has faith that the Board will do what is best for everyone and we will stay united as a family.

Devatia Williams, classified employee, shared her concern with the current situation that classified employees are facing due to the pandemic. She is in hopes that everything will work out and that no one will be laid off. She indicated that all employees rely on their employment and are truly grateful for the opportunity to work for Rialto Unified.

Gina Villalpando, Instructional Assistant II RSP/SDC, who has worked for the District since 2014. She enjoys what she does and feels she is an asset to the students, school and teachers she works for. She does not agree with the layoff proposal and feels it would hurt not only her, but the District, as it would lose important classified staff in all areas. She asked that the proposal be reconsidered.

Maria Sandoval, as a parent of students in the Rialto Unified School District, she supports the actions and measures to save the children. As clients, she feels parents are becoming more verbal, which is good for better communication. She feels that the agenda item reflecting the termination of several employees is a requirement due to the extreme circumstances we are going through, and is hopeful that it will be a new beginning for a better education. She is in hopes that the District continues to use its resources to terminate employees who are causing problems, which are being handled over and over but never resolved. She feels relieved that students are going to be better off with the right people around them, and it would be a good idea that from this date forward, all administrators take the right approach and document all the discipline problems their employees have. She stated that COVID-19 has been an eye opener to see that students are the most precious people represented. She also feels that employees already received their reward by being paid to stay home doing nothing, and others getting paid more for being at work, while students did not get anything extra. Even while doing distance learning, most got nothing out of it because teachers did not even connect with them. She

hopes the Board keeps going the right way making sure these unprofessional employees are terminated once and for all.

Maria Sequeira, classified employee, opposes Resolution No.19-20-55 and would like unions to negotiate with district personnel.

Saddmy Millan-Costello, one of the eight Interpreter/Translators in the District, shared that she was shocked to see the agenda for this evening and that three of her team would be let go for the upcoming school year. She was shocked because they are already behind on all areas considering they do IEP interpretations and translations of special education documents, general documents and meeting. She stated that other districts have double the amount of interpreter/translators and about the same quantity of work. They have also been working during the quarantine and if three of their team members are removed, they will be even more behind. She shared that the District has many parents who do not speak English and who are grateful when they are there to assist them. She is requesting that the District reconsider its proposed decision, as many employees depend on their jobs.

Dawn-Rene Tomlinson, opposes Resolution 19-20-55 and requests that unions negotiate with District personnel and that they be part of these negotiations and decisions.

Matthew Helpert, opposes Resolution 19-20-55 and requests that unions negotiate with District personnel and that they be part these negotiations and decisions.

Alexander Rodriguez, Jr., Emergency Operations Specialist, who has been an employee of the Rialto Unified School District for the past 23 years, shared that during this time, he has dedicated his time and efforts to make this District as safe as possible for students, staff and residents. Whether it was patrolling the schools during graveyard to prevent theft and vandalism, fulfilling duties of SARB to check on students to get them back in class, etc., he did it because he is a hardworking, dedicated employee. He indicated that cutting his position and those of other employees in his division, should not be how the District treats employees that work so diligently. He questioned whether the cuts are equal across the board and whether they are made without bias. He also questioned whether the District is prepared to eliminate the state mandated requirements that an Emergency Operations Specialist currently completes. He indicated that these employees have dedicated their careers with the District's best interest in mind and now they ask that the District do the same.

Austen Woods, M.Ed. in Educational Administration, expressed his concern and opposition to Resolution 19-20-55, and requests that unions negotiate with District personnel and that they be part of these negotiations and decisions.

D Jackson, District employee, questioned whether it would be wise to lay off essential staff. He indicated that they were considered essential during the midst of COVID 19 and asked when did stop being essential? He said that the main goal should be to ensure the safety and well-being of students and staff, and to reduce departments that are responsible for these duties may come with huge consequences.

Rachel Ochoa Ramirez, Workability Liaison, as a District employee for the past five years, expressed her concerns regarding the layoffs on the agenda, which were made without any communication with the union or the employees. She indicated that this is no way to conduct business and she would hope that as a District we would treat a layoff as a last resort and not a first response to a budget crisis. She requested that the Board hold off on making such a detrimental decision that will affect many loyal employees and their families.

Nate Lyon opposes Resolution 19-20-55 and requests that unions negotiate with District personnel and that they be part of these negotiations and decisions.

A. Tooley opposes Resolution 19-20-55 and requests that unions negotiate with District personnel and that they be part of these negotiations and decisions.

Ace Schwartz opposes Resolution 19-20-55 and requests that unions negotiate with District personnel and that they be part of these negotiations and decisions.

Elizabeth Duvall, stated that she is outraged, that classified staff once again are made to be sacrificial lambs in the name of balancing the budget. She hopes that all other options have been thoroughly investigated before the layoff proposal was made. She urged the Board to vote "No" on the proposal and requested that they actively work with the union to discuss other options.

Carla Ricker, Safety Specialist, indicated that it was known that there would be more sacrifices to be made due to COVID-19, but to see Resolution No. 19-20-55 on the agenda was shocking, and feels the list of positions which may be abolished is inequitable. She noted that 75% of the Safety

Department would be cut, and there are no cuts to Personnel, Fiscal, Business, Risk, Purchasing, Nutrition, Transportation, CWA, or IT. She mentioned several new positions recently added by the District, which were not on the list, and indicated that it is hard not to feel targeted, respected or appreciated. She does not feel this was fair or equitable.

John Rodney, opposes Resolution 19-20-55 and requests that unions negotiate with District personnel and that they be part of these negotiations and decisions.

Fynn Menzies, Writer and Educator, opposes Resolution 19-20-55 and indicated that the unions need to be part of these negotiations and decisions.

Termain Williams, Substitute Campus Intervention Specialist who has been attending the police academy for the past eight months hoping to gain a full time position, was sickened by the news of the layoff proposal because he would no longer have a chance at a full time position. He requested that the Board reconsider the proposal, which would reduce the department he works for by 50%.

Naveal Anderson, who has been with the District since 2014, shared that after learning that the jobs of classified employees are at risk for the 2021-2022 school year, he felt it was his duty to reach out and urge the Board against it. He indicated that classified employees are the biggest contributors in children's education and by reducing these positions, many children would be affected. He strongly believes that there must be other avenues to take.

Oscar Tapia, shared his concerns regarding the layoff proposal and does not understand how the safety department can go from being essential workers to non-essential, and it is suggested that the officers that are being proposed to be laid off do not matter. He stated that there are many officers who have worked for the District for 10, 15 and 20 years, and it is not the same department where he started 24 years ago. It has become a department that cares for students and has given so much to help students succeed in life. He is asking the Board to reconsider the layoffs and negotiate with the union.

C.3 COMMENTS FROM ASSOCIATION EXECUTIVE BOARD MEMBERS

Rialto Education Association (REA), California School Employees Association (CSEA), Communications Workers of America (CWA), Rialto School Managers Association (RSMA).

Superintendent, Dr. Avila, read the following comments from Association Executive Board Members, which were received via email:

Chris Cordasco, CSEA President, indicated that with Resolution 19-20-55 on the agenda, it did not feel like family and it was a kick in the gut to classified staff. Many members, even those who were not on the list of layoffs, reached out to him to express their disapproval. He said that this threatens to destroy the moral, which will definitely have a negative impact on students. They would have appreciated to at least have had the opportunity to give input on ways to overcome the budget challenges that we faced, but instead they did not find out about this until they read the agenda. He thought that CSEA and the District had a better relationship than this. He said that they do not feel this is necessary as the original projections have already changed and more changes are to come in the next few months. He shared that it takes many different people to educate students and one teacher cannot do it alone. The list includes many front line employees and many Spanish language support staff without consideration for the community that is served. He said there are better ways to get through rough times and the classified staff, if allowed are willing to help find them. He asked that the Board show they are willing to find solutions that will not hurt this community and to vote "No" on this resolution.

Johanna Cuellar, shared on behalf of RSMA that amid the heartbreaking events that prevail every aspect of our lives, the Rialto School Managers Association (RSMA) remain steadfast on operating in the best interest of those they serve. Every year the Rialto School Managers Association works diligently throughout the year to award monetary scholarships to selected graduating seniors from each of the Rialto USD Comprehensive and Continuation High Schools. This year those scholarship recipients were as follows:

Genesis Gaheta, Carter High School

Helena Arevola Tovar, Eisenhower High School

Meia Parra, Milor/Zupanic High School

Mariaya Laguna, Rialto High School

Additionally, RSMA awards a scholarship to a child or dependent of one of its members. This year that scholarship was awarded to Kaiyla Grey, daughter of Germaine Grey, Assistant Principal of Jehue Middle School.

Ms. Cuellar also shared that RSMA would be hosting an open and honest dialogue on Thursday, June 11, 2020, at 5:00 p.m., guided by Rev. Sam Casey, Executive Director of Congregation Organized for Prophetic Engagement. She urged everyone to join them.

ITEM: **APPROVE RIALTO UNIFIED SCHOOL DISTRICT COVID 19 OPERATIONS REPORT (LCAP 2019-20 RESPONSE)**

Background: On April 20, 2020, Governor Gavin Newsom signed EXECUTIVE ORDER N-56-20 in response to the need to change, or alter, the current LCAP 2020-23 timeline. The order extends the deadlines for local educational agencies to submit Local Control and Accountability Plans (LCAP), which are multi-year planning documents tied to budget projections. By law, LCAPs must be developed in collaboration with parents, students, teachers, and community groups. Given the COVID-19 pandemic, school leaders are appropriately focused on managing the immediate needs of their students and families. .

Reasoning: One important piece of this order is the requirement of local educational agencies, including school districts, to publish a written report to their communities that explains how they have responded to COVID-19, including steps they have taken to deliver distance learning and meet the needs of disadvantaged students. In addition, order extends the deadlines for completing annual planning processes to December 2020 and June 2021 to enable local educational agencies to prioritize more exigent needs.

Recommendation: Approve the Rialto Unified School District COVID 19 Operations Report at no cost to the District.

ITEM: **ADOPTION OF BUDGET FOR FISCAL YEAR 2020-21**

Background: The Fiscal Year (FY) 2020-21 Budget has been prepared and presented to the Board of Education for adoption.

For FY 2020-21, the Board of Education has selected the single budget adoption cycle, which requires that the final budget be adopted prior to July 1, 2020. Pursuant to Education Code 42127, a summary and detail of budgeted revenues and expenditures, as well as estimated unaudited beginning fund balances and projected ending fund balances for all funds, has been presented to the Board of Education prior to the meeting. In addition, a summary and detailed budget will also be available for public review prior to the meeting.

Reasoning: Any changes, as a result of the State budget adoption, will be submitted in the form of a budget revision within 45 days after the Governor signs the State Budget Act.

The FY 2020-21 Budget is presented to the Board of Education for adoption with 3% required reserve for economic uncertainties for FY 2020-21 and subsequent two years as required by law. Also included are the assumptions used in building the budget.

Recommendation: Adopt the Fiscal Year 2020-21 Budget including commitment of funds and all stated conditions for the following funds: General (01), Adult Education (11), Child Development (12), Nutrition Services (13), Deferred Maintenance (14), Capital Facilities (25), State School Building and Modernization (35), Special Reserve (40), Bond Interest and Redemption (51), and General Obligation Bond (21).

ITEM: **ADOPT THE 2020-21 EAST VALLEY SPECIAL EDUCATION LOCAL PLAN AREA (SELPA) – SECTION B: GOVERNANCE AND ADMINISTRATION**

Background: The East Valley Consortium Special Education Local Plan Area in San Bernardino County, henceforth referred to as the East Valley Special Education Local Plan Area (SELPA), was formed under authority of Sections 56195 - 56208, 56240 - 56245 of the State of California Education Code and Title 5, Section 3000, and is the result of the Master Plan for Special Education as approved by the California Department of Education, henceforth referred to as CDE.

The East Valley SELPA is a multi-district SELPA composed of five School Districts. In addition, the San Bernardino County Superintendent of Schools East Valley Operations (SBCSS Ev-Ops), provides services as agreed to by the School Districts. The School Districts, or Local Education Agencies (LEAs), that comprise the East Valley SELPA are Colton Joint Unified School District, Redlands Unified School District, Rialto Unified School District, Rim of the World Unified School District, and Yucaipa-Calimesa Joint Unified School District.

The California Department of Education (CDE) requires each SELPA to revise, develop and adopt a Local Plan to describe the organization, governance, program coordination and services of the SELPA. The East Valley SELPA revised its Local Plan with input from stakeholders during the 2019-2020 school year. The Local Plan was approved by the East Valley SELPA Board of Directors on May 20, 2020.

Reasoning: It is requested that the Board of Education adopt the 2020-2021 East Valley SELPA Local Plan as the basis for the operation and administration of special education programs affirming the School District will meet all applicable requirements of special education state and federal laws and regulations, and state policies and procedures. Furthermore, the Board adoption ensures the District Superintendent shall administer the local implementation of policies, procedures, and practices in accordance with special education state and federal laws, rules, and regulations which will ensure full compliance with the East Valley SELPA Local Plan – Section B: Governance and Administration. The East Valley SELPA Local Plan - Section B: Governance and Administration can be viewed on the District web page.

ITEM: AB104 CALIFORNIA ADULT EDUCATION PROGRAM (CAEP)

Background: In 2016, the California Legislature implemented the Adult Education Block Grant (AEBG) program, which integrated a regional delivery system designed to provide education and workforce services to underserved adults. To ensure that funding accelerates adults into employment, living wages, and full engagement in society. In 2020-2021 the program name changed from AEBG to the California Adult Education Program (CAEP) Rialto Adult Education Program has been funded since the inception of AB104 through San Bernardino Community College District (SBCCD.)

Reasoning: Rialto Adult School desires to participate in the SBCCD program as it is designed for the purpose of implementing the consortium’s regional plans for adult education as per AB104. The intent of the AB104 (CAEP) is to expand and improve the provision of adult education in the community, implement the annual plan, integrate existing programs between high schools, postsecondary, and workforce institutions within Adult Education programs, and advance faculty and staff professional development programs utilizing AB104 (CAEP) consortium funds.

Recommendation: Approve an agreement with San Bernardino Community College District to qualify as an active member of the California Adult Education Program (CAEP) AB104 and receive an allotment of \$971,653.00, effective July 1, 2020 through June 30, 2021.

ITEM: **RESOLUTION NO. 19-20-60**
ADOPT STATUTORY SCHOOL FEES IMPOSED ON RESIDENTIAL AND COMMERCIAL/INDUSTRIAL DEVELOPMENT PROJECTS PURSUANT TO EDUCATION CODE SECTION 17620 (LEVEL 1 FEES)

WHEREAS, Education Code section 17620 authorizes school districts to levy a fee, charge or dedication against any new construction within its boundaries for the purpose of funding the construction or reconstruction of school facilities; and

WHEREAS, pursuant to the authority of Government Code section 65995, subdivision (b)(3), the fees authorized by Education Code section 17620 have presently been established by the State Allocation Board (“SAB”) in the amount of \$4.08 per square foot for residential development and \$0.66 per square foot for commercial/industrial development; and

WHEREAS, the Board of Education (“Board”) of the Rialto Unified School District (“District”) has caused a study to be prepared by Koppel & Gruber Public Finance entitled “2020 School Fee Justification Study” (incorporated herein by reference and hereinafter referred to as the “Study”), which identifies the purpose and use for the fee and sets forth a reasonable relationship between the fee to be imposed, the type of development project on which the fee is to be imposed, and the increased school facilities made necessary by virtue of the burden imposed by the development; and

NOW, THEREFORE, BE IT RESOLVED, that the Board makes the following findings:

1. Prior to the adoption of this resolution (“Resolution”), the Board of the District conducted a public hearing at which oral and/or written presentations were made as part of the Board’s regularly scheduled June 24, 2020 meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered has been published twice in a newspaper of general circulation in accordance with Government Code sections 66017 and 66018. Additionally, at least 10 days prior to the meeting, the District made all relevant information available to the public indicating the cost, or estimated cost, of the construction or reconstruction of school facilities made necessary by the residential and/or commercial/industrial development to which the fee shall apply.
2. The purpose of the fees is to provide adequate school facilities for the students of the District who will be generated by residential and commercial/industrial development in the District.
3. The fees are to be used to finance the construction and reconstruction of school facilities.

4. There is a reasonable relationship between the need for the imposition of the fee and the types of development projects upon which the fees shall be imposed for the purpose of the construction or reconstruction of school facilities, in that residential, commercial and industrial development will generate students who will attend District schools. These students cannot be housed by the District without additional school facilities, or the reconstruction of existing school facilities. The fees will be used to fund all, or a portion of, new school facilities, or to reconstruct existing school facilities.
5. There is a reasonable relationship between the amount of the fee and the cost of the additional or reconstructed school facilities attributable to the development upon which the fee shall be imposed, in that the square footage of these developments has a direct relationship to the number of students that will be generated, and thus to the facilities the District must add and/or reconstruct in order to accommodate the additional students.
6. The District maintains a separate capital facilities account, or fund, as required by Government Code section 66006.
7. There are no other adequate sources of funds to meet the District's school facilities needs occasioned by, and resulting from, the construction of new residential and/or commercial/industrial development within the District.

AND BE IT FURTHER RESOLVED:

1. That the Board incorporates herein by reference, approves and adopts the Study entitled "2020 School Fee Justification Study", dated June 5, 2020, and prepared by Koppel & Gruber Public Finance which documents the need for the school facilities fees,
2. That since the Study justifies fees in excess of the allowable limits, the District hereby increases fees on residential development to \$4.08 per square foot, and fees on commercial/industrial developments to \$0.66 per square foot for all categories except properties that are classified as rental self-storage, which fees shall be \$0.18 per square foot, in accordance with Education Code sections 17620, et seq., and Government Code sections 65995, et seq.,
3. That the increase in fees shall take effect sixty (60) days after the date of this Resolution,
4. That the Superintendent of the District, or his or her designee, shall give notice of the Board's action herein to all cities and counties with jurisdiction over the territory of the District in accordance with the requirements of Education Code section 17620 and 17621, requesting that no building permits (or, for manufactured homes and mobile homes, certificates of occupancy) be issued on or after the date which is sixty (60) days after the date of this Resolution, without certification from the District that the fee specified herein have been paid. Said notice shall specify that collection of the fees is not subject to the restriction set forth in Government Code section 66007, subdivision (a) but, pursuant to subdivision (b) of that statute, the fees are to be collected prior to issuance of building permits,
5. That developers of commercial or industrial development be provided the opportunity for a hearing to appeal the imposition of the fee on their developments,

6. That nothing contained or expressed in this Resolution shall be construed to affect the District's authority to increase fees, enter into agreements with developers, or otherwise adopt or impose, to the extent permitted by law, additional fees, to fully mitigate the impact of residential and/or commercial/industrial development upon the District's school facilities,
7. That, in the event that the Board takes action in the future to adopt an alternative fee pursuant to Government Code section 65995.5 or 65995.7, commonly known as "Level 2" or "Level 3" fees, respectively, in an amount greater than that authorized by this Resolution, this Resolution shall be held in abeyance during the time in which the greater Level 2 or Level 3 fee is authorized. If, for any reason, any future Board action to adopt a greater Level 2 or Level 3 fee ceases to be effective, this Resolution shall then immediately return into effect unless otherwise specified by the Board,
8. That the District's administration is authorized to make expenditures and to incur obligations of the fees for the purposes authorized by law; and
9. That this Board hereby adopts this Resolution and directs the Superintendent, or his or her designee, to file a certified copy of this Resolution, together with all relevant supporting documentation and a map clearly indicating the boundaries of the area subject to the fee, to each city and each county in which the District is situated, pursuant to Education Code section 17621.

ITEM: **OPTION YEAR 2 OF CONTRACT NO. C-19-0006 WITH PRACTI-CAL MEDI-CAL LOCAL EDUCATION AGENCY BILLING OPTION PROGRAM**

Background: Pursuant to California Education Code Section 17596, school districts are permitted to extend existing contracts for up to the three (3) years. The District recommends extending the following contract for an additional year, thereby taking advantage of the same terms and conditions of the existing contract and choosing to exercise Option Year 2. The Board of Education originally approved this contract on June 13, 2018, with an option to renew for two (2) consecutive years.

Reasoning: The Medi-Cal Billing Option Program provides federal financial participation (FFP) reimbursement to school districts for health-related services provided by qualified medical practitioner such as Speech Therapists, School Psychologists and School Nurses to students receiving special education services and who are on Medi-Cal. School districts can claim reimbursement for services that include assessments and treatments as per the Individualized Education Program (IEP).

To best maximize billing reimbursement, most districts enter into a contract with providers such as Practi-Cal. Providers, like Practi-Cal, offer the most comprehensive Local Education Agency (LEA) Billing Option Program services available to California School Districts and County Offices of Education. Practi-Cal offers a full spectrum of LEA Billing Option Program support such as data collection, transmission, eligibility verification and claims reconciliation. Consultants work with the district by providing staff training, support and help to create the necessary billing forms that can be accessed from their online module that is compliant with submitting billing to the California Department of Health Care Services. The Medi-Cal Billing Option Program allows districts to be reimbursed a portion of the cost of providing some services to eligible Special Education students.

Recommendation: Approve to exercise Option Year 2 of contract No. C-19-0006 with Practi-Cal, Medi-Cal Local Education Agency (LEA) Billing Option Program, effective July 1, 2020 through June 30, 2021.

ITEM: **REPRESENTATIVES TO THE CALIFORNIA INTERSCHOLASTIC FEDERATION (CIF)**

Background: Each year, the California Interscholastic Federation (CIF) requires that each local school district Board of Education or private school Governing Board submit to the appropriate CIF section the names of league representatives for their school district. It is a legal requirement that league representatives be so designated.

Reasoning: If a Governing Board does not take appropriate action to designate representatives by June 28, 2020, CIF is required to suspend voting privileges for the affected schools.

Recommendation: Approve the appointment of the Principals and Athletic Directors of Carter, Eisenhower, and Rialto High Schools as site level representatives of the California Interscholastic Federation (CIF) league for the 2020-2021 school year.
