MOVE

SERVICE AND TRUTH TO EISENHOWER HIGH

Vol. I—No. 6

Eisenhower High School, Rialto, Calif.

October 30, 1959

## MOVING DAY NOVEMBER 2

Seventy-five percent of the facilities on the new Eisenhower campus at Base Line and Willow will be completed on moving day November 2, 1959. An assembly was held today to give the students the final plans as to the moving process.

There will be an area between the girls and boys locker room which will be roped off for the contractors and their working facilities. **NO STUDENTS ARE TO BE IN THIS AREA!** There are sidewalks to all the classrooms, to boys' and girls' physical education, and to all areas on the campus. Students are urged to stay on these sidewalks at all times so the dirt and mud will not be tracked into the new classrooms.

The football field and track is completed and the men have been working all week to finish black topping the physical education areas. There will be no gymnasium this year and the p.e. classes will be held on these blacktop areas. There are two parking lots: the faculty parking lot which will accommodate about 105 cars and the student parking lot which will accommodate about 605 cars. The student parking lot will not be completed by Monday, so Mr. Ryan urges all students to park their cars in the faculty parking lot. Bus permits were issued this week to all students

planning to ride the bus. Since the junior high school convenes at 8:00 a.m. the buses will arrive 30 to 45 minutes early for the senior high students.

The Administration building is very near to completion except for one wing which will be finished in one week. There is a total of 28 rooms, which include the numerous counselors' and secretaries' offices, two conference rooms, the student council room, the attendance office, the vice-principals' offices, and the principals' office. The walls are beautifully paneled in birch and

(Continued on Page 4)

### Eaglets Make First Debut

The Eisenhower drill team made its debut Saturday night when they escorted the Court during half-time ceremonies.

The drill team is under the direction of Mrs. Margaret Agretelis. There are about thirty girls in the team, which consists mostly of sophomores and juniors.

The official name of the drill team is the EISENHOWER EAGLETS. The Eaglets costumes consist of short green-pleated skirts, white bulky-knit sweaters, white wrist gloves and white sugarfoots.

The drill captain is Sandra Bole and the co-captain is Kathy Meyers. They were picked out of four girls who took tests on commands, routine etc. The other two girls were: Charlotte Tarr and Diane Funderburg.

### Bell Schedule For New Campus

| Junior High       | Senior High    |
|-------------------|----------------|
| A. 8:00-8:45      | 1. 8:30-9:25   |
| B. 8:50-9:35      | 2. 9:30-10:25  |
| C. 9:40-10:25     | 3. 10:30-12:25 |
| 3. 10:30-11:25    | 4. 11:30-12:25 |
| 11:25-12:00 Lunch | 12:25-1:00     |
| 4. 12:05-1:00     | 5. 1:05-2:00   |
| 5. 1:05-3:00      |                |
| 6. 2:05-3:00      | 6. 2:05-3:00   |

### Football Dance Is Successful

Music, softlights, and beautiful decorations are what you saw at the cafeteria last Saturday night. The football Festival dance was a great success. The dance started around 11:00 and got over at 12:30. Dancing was enjoyed by all; the music was furnished by the "Key Noters". At 12 o'clock Mike Burton, head of rally committee introduced the Eagles first football queen Shirley Roessler and presented her with a necklace from the Key Club; and the rest of the court was introduced. Then Mrs. Helen Dollahan vice-principal presented a trophy to the "Azorettes," which was accepted by president Donna Kolb in having the winning float.

### Federal Survey Cards Due Monday

Federal Survey cards, which were passed out in your first period class today, are to be returned Monday. In the midst of our moving to a new location this is just a reminder to be sure and bring them. The cards are to be filled out completely and signed by your parents. Your promptness in returning the cards is important since it will help the school greatly.

Workmen are busy putting on the finishing touches on the classroom buildings so they will be ready for completion November 2.

## Letter From The Editor

By KATHLEEN BROWN

Are all you Eaglebirds ready to settle in your new nests, this coming Monday? Everything will be "brand spankin' new" and let's try to keep it that way! Eagles try to go to the new school Monday with the thought in mind that we will be the best and neatest school around. Being the best school around isn't as easy as it sounds. We Eagles must work hard or even fly if necessary to achieve this. School starts at 8:30 to 3:00. If we all try to smile the first day, others will join and then we'll have the entire school in good moods (including the teachers) and maybe they won't give you as much homework! Do your jobs in keeping our school this way.

Many tears were shed last Saturday. Could it be winning the football game, the choice of Queen and Princess. The un-sportsmanlike boeing of the Drill Team was poor especially since it was their first appearance. The decision of the floats were questioned also.

The Sen-Tetts sold 7-up at the A.U.F. Benefit Show, Monday night and made around \$60, to \$65 dollars plus selling the tickets, gave all the money to the show. Among the guests performing were Scott Engle, Tony Penn (who incidentally took pictures with the club.) The entertainers were very friendly to the Sen-Tetts and bought a lot of seven up, which was given to the A.U.F. Scott sang his favorite record "Shotgun," and there were two cool combos. Flowers were given

## Meet The Teacher

By SHIRLEY KERBY

A very active teacher on campus this year is Mr. John Dowd. He teaches Physical Education and is also Basketball Coach and Chairman of Physical Education here at Eisenhower High School.

Mr. Dowd was born in Portland, Oregon. He graduated from Salem High School, Salem, Oregon. He graduated from Linfield College with a Bachelor of Science degree. He has taken courses from the University of Washington, University of Oregon, Eastern Washington College of Education, University of California and Los Angeles State College.

He was Head Basketball Coach, Track Coach and Athletic Director at Evergreen High School, Vancouver, Washington for three years.

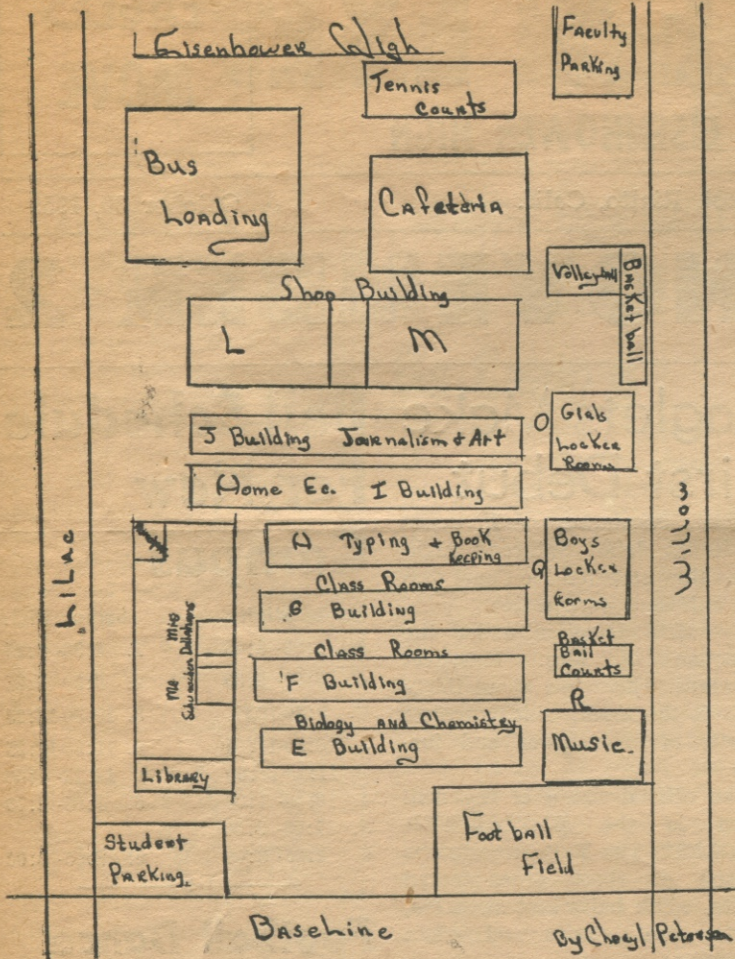

He taught Biology and Physical Education at North Kitsap. While there, he coached Basketball, Baseball and Football.

He taught Biology and Physical Education at San Bernardino High School for three years. He also coached "Bee" Football and Junior Varsity Basketball.

Mr. Dowd's hobbies are all types of sports. He belongs to such organizations as The California Physical Education and Recreation Association, C.T.A., (Continued on Page 6)

to the Sen-Tetts by St. Bernardines High School which was greatly appreciated by all.

Are all of you getting ready for the Halloween Spook shows, the football game, or a party?

The Eisenhower campus is situated on Base Line between Willow and Lilac. The classrooms are labeled so that students will be able to find their way around on Monday.

## Fads and Fashions By B. J.

By BARBARA JEAN MEHESS

Unconscious gestures tell secrets about you; how tense you feel perhaps, how boring you find a beaus buddies. Conscious gestures, on the other hand, can spread the most beautiful rumors abroad; its up to you to help create the mood behind the gesture.

Avoid Rudeness—In a group, include everyone—even if its only with a gesture of your eyes. Hide lenseness—consciously relax your body (a habit that's easily developed.) Now pretend you're smelling a rose; your face will soften, you'll breathe better, releasing tension. Look up, turn that mental spotlight on other people. Practice Serenity—First, become aware of your gestures. Do you play with a curl? Bite your hands!!

Learn to listen—Sit up, face the

person who's talking make yourself listen, actively. You will be surprised to find out how much more interesting people become when you become interested.

Because the impression you give your audience depends as much on how you sound as how you act, here are a few short rules to remember. Articulate clearly—Learn to stress the meaning carriers, weaken the unimportant words. Your speech will take on interesting new inflections. Sharpen your senses—Awaken your awareness of the world around you. Really see and taste and smell richer in expression; more alive. Broaden your interests—Develop new ones, discover new enthusiasms. Have something to say and want to say it, to share it with others. Be self confident—Feel the importance of yourself as a person, the value of what you have to say . . . your right to be yourself. This helps control your audience—and your voice. With these few pointers on poise, charm and speech . . . the three basics of real beauty every girl is a queen.

the girls' shower and locker room is very near to completion when this picture was taken. Lockers are to be installed November 2 and 3.

## Azorettes Win Float Prize

By DICK RHOADES and  
RONNIE HOVLAND

Key Club's efforts for their float began on Friday night at Brent Meyers house and in the garage. The rented truck underwent a redesigning which finally resembled our new campus. I am sure Friday night and Saturday night, the only objects the boys who assisted with the decorating saw, were green and white napkins. Sticking napkins in chicken-wire, and taping them to the sides was the largest problem of the key-clubbers.

On Thursday night at Penny Bunce's home, the Azorettes started their prize-winning float. The girls wearily stopped "napkin-torture" around 10:00 p.m. The monotonous task was resumed Friday night after school. This time, however, part of the work was accomplished with the assistance of about twelve boys. The float was finished at the Orange Show when Susie Blaylock crowned the float with herself reigning.

The Sen-Tetts float, described to many adults and "teeners" alike who attended the game as, "clever," "novel," "creative," and "very original," measured eleven feet high, about 20 feet long and about twelve feet wide. A giant figure dressed as a magician made of wire, tape, paper mache and wood, was fastened to the back of the truck. A large silver wand was fastened in the giant white gloved hand and suspended over Mary Oldendorf, Jean Ann Young, Nancy Kling and Joy Smith who were dressed in formal and furs to represent the "riches" part of the theme. Toward the end of the truck, Gayle Purdie and Sharon Witkauckas were dressed as "Raggedy Ann and Andy." Diane Green and Kathy Brown were dressed in patched clothes, all four suiting the "rags" part of the theme. The float got its highest points on originality and a great hand of applause from the stadium audience for appearance. All 33 members contributed sometime to the project and many members camped out while working on the float.

Awards for the best floats were presented at the dance, which followed the game. A trophy was accepted by Donna Klob for the Azorettes. Sen-Tetts placed second and Key Club third.

## Eagles Move To New Campus

By DICK RHOADES

On November 2, at 8:30 a.m., at the site of Baseline and Lilac, the students of E.H.S. will take over their own campus.

For the past seven weeks we have been the hosts of Rialto Jr. Hi. We now hope to relieve our hosts of this imposition.

However it has been said that we may need a doctor for each building, to give tetanus shots, and we will probably have a carpenter in each room.

Moving preparations have begun and they will swing into full force this Friday. Much will be uncompleted. It is expected that carpenters will be working up until midnight Sunday, in order to complete the lockers. Eisenhower property will be repacked, sent to the new site, there, unpacked, and finally put into use on Monday.

Students will face the grave problem of arising in the neighborhood of 6:30 in order to begin school at 8:30. A standard schedule beginning at 8:30 and ending at 3:00 p.m. will replace the complicated present one.

One improvement, that will be greatly welcomed will be lighted

## Bee Team Makes Great Comeback

The Eisenhower Bee football team made one of the most thrilling comebacks that has ever been seen in this part of the country. Trailing 19 to 6 at the end of the third quarter the Bee's caught fire and scored three touchdowns in the fourth quarter, to defeat the Bosco Tech J. V. Team 26 to 19.

The winning touchdown, a pass from Bartells to Rustick was made with four seconds left in the ball game. The other touchdowns were scored by Dick Law, Felix Randeau and Dan Rentz. Much of the credit for the victory goes to the line lead by Don Hargis and Mike Malody whose blocking opened the way for the backs. The Bee team displayed excellent spirit and never gave up even when things looked rather gloomy. The entire student body is proud of the ball game the Bees played.

Students open lockers by "match-light."

Along with academic and vocational courses, the large majority of students will receive "on-the-spot" instruction in carpentry and masonry. In spite of the temporary state of the school, Eagles will happily accept the new campus.

## Who Is She?

This week's pom pon is a senior, has blonde hair, blue eyes, stands five feet two and one-third inches tall and is 16 years old. She began pom poning this year at Eisenhower. She likes hamburgers, but she doesn't like low-flying butterflies. You can find her wearing her favorite colors lavender and white or listening to her favorite record "Teen Beat." Driving is her favorite passtime and Mr. Pat Eagen is her favorite teacher. Who is she? Why our ASB secretary Nancy Shrader of course!

## Biology Class Starts Projects

Mr. Lee Shultz's biology classes have turned in a slip of paper to the teacher of what kind of project they are going to make about biology. Two students are allowed to work together if the research project is broad enough in scope to allow for it. This is in lieu of the Science Fair Projects, but if a student is intending to do one of these they should contact Mr. Shultz first about their subject and work.

Many interesting projects were made last year when Mr. Shultz taught at San Bernardino High School. The projects ranged from chickens and eggs to complicated plant specification.

# Moving Day . . .

(Continued from Page 1)

are soundproofed from eye level up, and on the ceiling.

The shop classrooms are completely finished and are being used as storerooms at the present time. The majority of the other classrooms are finished with the exception of R building, which is the music building. It may be necessary says Mr. Ryan to place these students in other classrooms for a week or two.

The cafeteria is the one building to be finished last. All of the workmen on this building were placed on the classrooms in order to finish them. Students are to bring their lunches to school and they will eat in the classrooms for several weeks until the cafeteria is finished. Mr. Ryan stated, that the cafeteria should be finished by the first of December. It will hold about 800 students seated and about 450 at lunch time.

The 1200 passageway lockers will be installed by Monday and everyone will be issued their own lockers. Students are urged to bring as few books as possible on Monday since they will have to carry them around a major portion of the day. The locker facilities in the girls and boys p.e. building will be installed on Monday and Tuesday so there will be no dressing facilities for gym classes.

The bell system may or may not be working on Monday so students and teachers are urged to use their watches to ascertain the correct time. The bell schedule is printed elsewhere in this paper.

There are many features of our new Eisenhower campus which have never been used on other campuses. Some of these new ideas are: a student council room, a journalism room designed for this purpose only, a drafting room with the latest equipment, a music building with all the latest equipment, the shops likewise, and the speech room which has its own stage, theater chairs and dressing room. The Library has the latest in books and includes over 6,000 volumes. It has a conference room so that students may go there and have meetings when necessary.

There is a central heating plant which can be converted in later years to have a cooling system installed as part of it. Each classroom has an inter-com which can be tuned into the office so that students can listen to records,

# First Student Council Meeting Held Tuesday

The first meeting of the Eisenhower Student Council met in A-3, at 6:00, on Tuesday, October 27. The meeting was called to order by President Ernie Cresswell. Mr. Ryan began the discussion by explaining the importance of the Council working very closely with the student body. It was brought up that students must have council approval before they can hold a student activity.

Appointive offices were chosen. Secretary of Activities; Under Secretary of Alumni, Sharon Witcaaukus; Secretary of Fine Arts Pat Ellsworth; and Under Secretary of Interior, Gary Glaze. The office of Under Secretary of State was not selected as yet.

In order to become eligible for one of these offices, a student must have the qualification of being a defeated candidate, and the appointment is made by Council.

Ernie suggested ideas for a victory flag. Mr. Ryan then explained an idea for a cheering section. A roped-off section will be set up in which only students will be allowed to sit during the game from now on. Purpose of this section is to magnify the volume of cheering.

Diane Funderberg explained her idea for the Historian Recorder's book in which will be placed Historian records. The meeting was brought to a close by a unanimous vote.

# Eagles Prepare For Halloween

Are all Eagles planning to wear costumes, goblins, or scary ghosts to keep the (black) cats from bothering you Eaglebirds?

The game is Saturday night the 31st which is Halloween night, and will probably be dark and scary, so be sure to prepare yourselves for the worst. Wear black of some sort and keep your wings in good condition so you can fly in case of danger. Danger of what? Why, losing the game, of course. No, our team is going to treat the Rim 'O the World team as if they were devils says Walt Meers.

radio, or announcements. Each classroom is set up so that television can be installed in future years. With all these new facilities it is imperative that students keep our campus neat and clean.

# Pat's Perch

By PAT BROWN

There are mixed reactions to the thought of leaving the R.J.H.S. campus. Many students are not looking forward to getting up early; others are. But I think everyone is glad that we will be moving to our own campus on time. Much thanks goes to the Jr. High staff for their co-operation with Eisenhower High.

Congratulations go to the girls named queen and princess, at last week's game. Everyone looked stunning in the court. Gary Blair, you did a fine christening job!

The short variety show held Wednesday was a great success as far as being enjoyed by most of the students who attended, as well as being one of the best-money-raising projects held this year at our school. The project was especially noteworthy because all money collected goes to the United Fund to help some poor boy or girl who is less fortunate than we are.

"Ruin Rim", "Ruin Rim", is the slogan for Saturday night's game when we Eagles play Rim O' The World High School at the Orange Show Stadium. Be sure you attend the game and cheer our wonderful team on to v-i-c-t-o-r-y-!

Don't forget to bring a sack lunch next week. There won't be cafeteria facilities. If you're thirsty, though, you will be able to buy 7-up for ten cents. The soda pop will be ice cold and bubbling and will be sold by The Sen-Tetts! !

# Basketball Schedule

# Bosco Tech 13-12 From Eagles Win

Last Saturday night the Eagle's were victorious in their fifth game of the season, played against Bosco Tech. After losing to Desert High the week before, the Eagles were out to continue their winning streak to 4 wins and then be able to play in the C.I.F. finals.

Bosco Tech had lost 4 straight games, before they met with the Eagles, and were very hungry for a victory.

"The Eagles played their best game of the year," said Coach Milt Smaha, after the game. The Eagles made few mistakes, and cashed in on the others. Duane White passed twice to Larry Koch, for two touchdowns and the score stayed 13 to 0 until the last few minutes of the half, when Bosco Tech intercepted a pass and ran it to the 4 yard line. After 4 plays Bosco Tech made the score 13 to 6 and it stayed that way up to the end of the first half. The third quarter swayed back and forth with nobody scoring. During the fourth quarter, Bosco scored their second touchdown on an end run, after getting the ball down to the 6 yard line on several completed passes. When Bosco Tech tried for the extra point, John Benson managed to nail the ball carrier behind the line of scrimmage, giving the Eagles a 13 to 12 edge over the Bosco gridders.

Jerry Kock was named player of the week for his outstanding performance both on offense and defense during the whole game.

The next game is tomorrow with the Rim of the World. The Eagles are favored 33 to 13 and are hoping for their fifth win of the year.

### SCORE BY QUARTERS

Bosco Tech . . . . . 0 6 0 6—12  
Eisenhower . . . . . 6 7 0 0—13

SCORING: Bosco Tech TD — Baldwin and Taylor. Eisenhower TD — Kock 2 PAT Meers.

### Basketball Teams Start Practice Soon

Basketball season will soon be upon us and the coaches are busy getting the teams together. We will have three teams for basketball. They are: varsity with Mr. John Dowd, Bee team with Mr. Dick King and Junior Varsity with Mr. Dick Marsh. There are 17 games scheduled for the varsity and bee teams. Any boy is eligible to turn out for basketball. The practice will start Monday, November 2.

If you are interested in basketball you should see one of the coaches at once so that you will not be left out.

### AUF Variety Show Held Wednesday

All who got out of class Wednesday enjoyed the program sponsored by Mr. Hadsil. The Key Club put on a wild pantomime to the "Battle of CUCAMONGA". Sanda Doing and Penny Bunce did a dance and Frances McKinly recited. All the money taken in was given to the A.U.F. drive as Eisenhower High's contribution.

### Letter From The Principal

The big event for us now is the move to our new site. The understanding of students is greatly needed both in the move and in our first few weeks on this campus. Essentially, the classrooms, library, shops, and administration buildings will be completed, but much clean up and detail work will still be going on. Landscaping, of course, cannot be started until all of the buildings are completed. Students are asked to use walks in going around campus to keep dirt and mud tracking to a minimum, and please stay out of areas where construction is at work.

Lockers will be issued to you as soon as possible, but probably not until Monday, November 2nd. You are asked to carry all of your books home with you over this weekend and bring them to the new site for Monday. The Cafeteria construction has been held up because all of the men were needed to work on other buildings so when we will have regular Cafeteria service is questionable. We will have to carry lunches until Cafeteria and snack bar facilities are ready.

These are beautiful new buildings so do your part in helping to keep them in the best of condition. The same is true of furniture and equipment. Because of the excellent behavior and maturity on the part of our students

### Know Your Band Members

By PAT SABLE

Shirley Roessler, a popular member of the Eisenhower School Band, was selected as Homecoming Queen at Saturday night's football game.

Miss Roessler, daughter of Mr. and Mrs. Robert F. Roessler, was born seventeen years ago in Vallejo, California. She is an outstanding musician; who plays several instruments among which are: Piano, Bass Fiddle, and Percussions. (Drums)

Before coming to Rialto, Shirley resided in San Mateo and Oroville, California. She insists her hobbies, are dancing, boys, and eating Pizza. In the summer Shirley spends her leisure time swimming and horse back riding, and in the fall writing letters and cheering her favorite football team to victory.

Upon graduation from Eisenhower High School, Shirley plans to further her musical education.

up to now, I know that this move will be very smooth. Remember, school starts at 8:00 a.m. for Junior High School students and 8:30 a.m. for Senior High School students. Don't forget to set your alarm clocks Sunday night.

## JUNIOR HIGH NEWS

### Jr. Hi Gal

Gail Campbell is the girl of the week. She was born on April 3, 1945 in San Bernardino and is now 14 years old. She is five feet two and one-half inches tall. She has light blond hair and blue eyes. Her favorite color is mint green. Her favorite food is tacos. She's mad about talking on the telephone and loves everyone. She likes the record "Your Mine." Her favorite actress is Kim Novak and actor is Jimmy Darnen. She likes Johnny Mathis for a singer. Her hobbies are water skiing, tennis, and horse back riding.

### Teacher of The Week

The teacher of the week this week is Mr. Plimley, an algebra and Geometry teacher at Eisenhower.

Mr. Plimley was born in Detroit, Michigan, he then moved out here. He attended San Bernardino High School where he was in the CSF (seal bearer).

Mr. Plimley graduated from the University of Redlands and has been teaching for six years.

He may be seen eating his favorite food, chicken, watching "To tell the Truth", his favorite television show. He also may be seen Folk dancing, his favorite hobby. He is very happily married and has one son, six months old.

When asked what he thought of Eisenhower, he said "It is a great school. It has the finest school spirit I have ever seen anywhere."

### Know Your Counselors

One of Eisenhower's most popular counselors is Mr. William Wilson. Mr. Wilson is also a teacher of English. He is married and has lived in San Bernardino for six years. He has taught at San Bernardino High School and Sturges.

Three years ago Mr. Wilson taught in Venezuela. He said he enjoyed this very much as it proved very interesting.

Mr. Wilson is very enthusias-

### Junior Optimists Club Formed On Campus

We have on our campus another nationwide boys organization—the Junior Optimists' Club. They are a Junior Division of the Senior Optimists in San Bernardino.

The object of this club is to "teach its members the value of Optimism in human life as outlined in the Optimist Creed, to educate them in the principles of honest and intelligent self-government, service to others, and to encourage good citizenship."

The qualifications of members are that they must be between the grades nine through twelve and members of the E.H.S. Student Body. To join, a written application for entrance must be made to the Club Leader, Club President, or directly to the club. There are still several memberships left.

The club will be awarded a bell, banner, and charter in the near future.

Some of the awards that a member can work towards are: The Craftsman Award, the Citizen Award, and, the highest, the Statesman Award.

The Officers of the Junior Optimists' Club are as follows: Club Leader, Mr. Richard Renderketch; Club President, Bill Escandel; Vice-President, Dave Kruse; Secretary, Terry Coe; Treasurer; Bruce Bartells; Sergeant-at-Arms, Randy Mohn; Board Members, Sam Cecil and Dennis Hancock. There is a total of thirty-two members, at present.

There seems to be a mistake that needs clearing up—the slogan of this club is not "Yea Key Club."

tic about our school and has no doubt that it will be the best in San Bernardino county.

Mr. Wilson has a very unusual hobby, people. He enjoys working with them.

In Mr. Wilson's spare time he enjoys listen to all music. He also enjoys traveling, bowling and the beach.

### Jr. Hi Guy

The boy of this week is Mike Minton. He is in the seventh grade here at Eisenhower. But he came from El Centro, California.

His favorite actor is John Wayne and Jane Russell heads his actress list. His color is green and pet peeve is his brother. Mike's favorite record is "Teach Me Tiger" and best singers are the Everly Brothers. And is crazy about the Chevrolet.

This handsome boy is five feet three inches, and weighs one hundred and thirteen pounds. He has blue eyes and brown hair. His favorite subject is Physical Education and the teacher he likes best is Miss Neiberg.

He has no ambition at the moment and his pastime is collecting records. Mike was born on July 11, 1946. The friends he goes around with are Curtis Bailey, Greg Haul, and Don Camble.

### Jr. High ASB Officers Give Thanks

These are statements made by each of the E.J.H.S. student body officers.

As for Bob Buck president he said, "I'd like to take this opportunity to thank all those who voted for me and supported me. I'm very happy to be the first E.J.H.S. president and try to be worthy of the office of president.

Vice-president Curtis Bailey said, "I would like to thank everyone who signed my petition and who voted for me. Feel I can do the best job."

Sandy Meyers secretary says, "I'm very happy to be selected secretary of E.J.H.S. I only hope I can do a good job. I want to thank all those people who voted for me.

Treasurer Marsha Rose says, "like a beatnik it's cool man cool and I dig all the cats who voted for me."

Cheryl Peterson who now holds the office of Historian-Recorder says "I would like to thank everyone who voted for me. I will try my best this year to make a year book as a Historian Recorder of E.J.H.S."

### Junior High Defeated Again

The Rialto Jr. High team lost its second game which was played with Golden Valley. The only touchdown was made by Bob Curran who intercepted a pass and made a touchdown. Junior high coach, Gene Maggi said, "the boys had improved one hundred per cent, in the guarding since the last game. The Eisenhower students who participated were John Terry, Bob Buck, Tom Gallavan, Tim Russell, Dean Hyatt, Doug Daviden, Randy Evans, Ray Shaver, Craig Baker, Phil Carmon, and Bobby Withley. Practically all of the Eisenhower students that are on the team play with the first string team.

In the last quarter the game was tied 6 to 6. In the last minute Golden Valley made their smashing touchdown making the final score 13 to 6.

### Meet the Teacher

(Continued from Page 2)  
N.E.A. and S.B.T.A. He is also a member of the Presbyterian Church. Mr. Dowd also spent three years in the United States Navy.

Mr. Dowd is married and has two children; a nine-year old son and a ten-year old daughter.
