

Roman Banquet to Be Held on "Ides of March"

On March 15, the Latin students of E.H.S. are holding a Roman Banquet much like that of the authentic Roman Banquets. It will be held in the auditorium, which will be very well decorated to represent a Roman dining hall. The second and third year students will eat and recline on mats, while the first year students will act as slaves. There will

be honored guests, who were past Latin students and received invitations. All will be dressed in Roman costumes. There will be entertainment consisting of: singing, dancing, music, fighting, and others. Seventy-five students are expected to attend this colorful occasion.

Berman, Pat Brown, John Cook, Edward Courtney, Carolee Drake, Johnny Epp, Frank Hasy, Pam Hooten, Dru Kieffer, Tona Kresich, Karen Krueger, Eileen Lehner, Judy McCook, Frances McKinley, Robert Peters, Mary Provence, Jean Rosenthal, Steve Salman, Richard Schwarz, Gary Smith, Anita Ware.

New Policy to be In Effect Today

At the recent House of Representatives meeting it was brought to the attention of Speaker of the House, John Sanders, that EHS students wanted to have several days set out of the month where it would be considered a "dress-up day" where the girls would wear heels and the boys wear white shirts and ties. This is not compulsory but optional.

The purpose of this is to prepare high school students for their roles they will soon play as city citizens and as college students.

This event will first take place in March, and will continue every other Friday for the remainder of the school

THE IDES OF MARCH will be the theme of the Roman banquet to be held on March 15. Shown preparing for the banquet are John Blair, Mary Ann Vaughn, and Sherry Applebee. The Banquet is sponsored by the Latin classes and is in commemoration of Caesars death. Miss Emma Gilmetti is the advisor.

COLLEGE PREVIEW

By DONA DRAPER

University of Hawaii

The University of Hawaii, located in Honolulu, just two miles from Waikiki, has one of the most complete programs offered by any state or private university on the Mainland. It not only provides a wide variety of courses to choose from but, the mild tropical climate enables you to participate in both summer and winter sports all year round.

The University is divided into seven colleges or, academic departments; College of Arts and Sciences, Business Administration, Education, Agriculture, Nursing, General Studies, and Engineering. Upon registering you must enter one of these colleges.

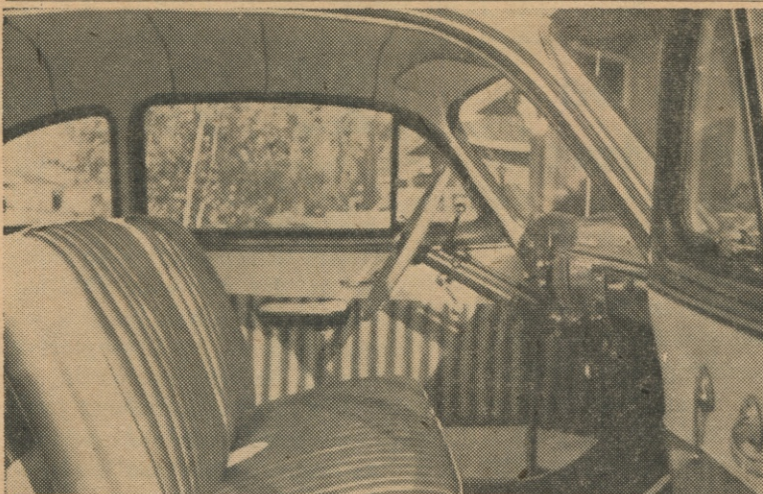

For those of you who are more studious than others why not take a class in hula dancing, Ukulele, yogi, or even trampoline? If these don't appeal to you, there are many other classes, including: physics, genetics, Chinese, dental hygiene, and oceanography.

For the benefit of those who think that the University is beyond their financial means, I hope to show you that it isn't as expensive as some of the out of state colleges here on the Mainland. The tuition is only \$89.00 a semester, campus housing \$110.00 (approx.), and one way plane fare costs about \$125.00. To cut down expenses over 100 scholarships are awarded each year

Marine Recruiting Release

Master Sergeant Don Myers, local Marine Corps recruiter, announced today a new plan offered by the Marine Corps. Commencing Feb. 17, any Senior can enlist now in the Marine Corps and choose a date he would like to go on active duty within 120 days after his enlistment. By doing this, qualified young men can make their time count double and still go on active duty after graduation.

The advantages of this program are: (1) Go on active duty with your first pay increase. (2) This time will benefit him for his first promotion. (3) The time he serves, while finishing school, counts toward fulfilling his military privilege, and (4) if he enlists now he knows he is qualified and will have the necessary tests out of the way and can go on active duty when he chooses.
