

CHRISS DOBBINGS ELECTED PRESIDENT CLASS OF '67

Vol. 6, No. 2

Eisenhower High School

Oct. 9, 1964

White House Donates Flag

Yet another distinction has come to Eisenhower. The American flag flying in front of the school campus, flew over the capitol building in Washington, D.C., in 1959, while General Eisenhower was President.

The flag was presented by congressman Harry Sheppard. The flag was made before either Alaska or Hawaii entered the Union and therefore has only 48 stars.

State Scholarship Applications Available From Vice Principal

The state scholarship applications are now available from Mrs. Dollahan's secretary. They must be returned to her by January eighth. In order to be eligible for this scholarship you must take the Scholarship Aptitude Test for the College Entrance Boards wither in November or December. To take the November test your application must be in by October 24. To take the December test it must be in by November seventh.

Also, the Edison Company is offering its annual scholarship. In order to compete, you must take the college Entrance Board tests, and send them to "Edison Scholarship Committee, Code No. 0175. by January. The amount of the scholarship is \$1,000 a year, renewable for four years. It can be used for the following colleges: Cal Tech, Chapman, Claremont, Harvey Mudd, La Verne, Loyola, Occidental, Pepperdine, Pomona, Redlands, Scripps, Upland, U.S.C., Whittier and Immaculate Heart.

If anyone is planning to go to any University of California campus, make the application by October first. The latest date you can possibly apply is March first, but students are encouraged to get them in as soon as possible. Mrs. Dollahan's secretary also handles their application blanks.

Globetrotter Gottlieb Returns From Round-the-World Cruise

"I'm so glad to be home again," expressed Mrs. Gottlieb, placement counselor at Eisenhower, after a 55 day cruise around the world this summer.

Boarding the British Liner Orsova, Mrs. Gottlieb went to Japan via stop at Hawaii. From there she traveled to Hong Kong where she visited the famous Tiger Bahn Gardens. Next stop was Singapore in Malaya where she visited the shake Temples.

Leaving Singapore, she journeyed to Bombay, then through the Suez Canal to Cairo, Egypt. There Mrs. Gottlieb traveled by camel to see the Sphinx and the pyramids. Her next stop was Barcelona, Spain. "A beautiful city," commented Mrs. Gottlieb.

She arrived in London, boarded another liner, the Oriana, then on to Bermuda, through the Panama Canal, and finally home.

It was hot and humid, windy, rainy, and stormy, the whole trip, typical monsoon weather.

"The people I met were so much fun to talk to," said Mrs. Gottlieb. Aboard ship she met the Prince of India, a Philippne presidential candidate, an ex-president of Venezuela, and Indian Ambassadors.

Mrs. Gottlieb's favorite stops were Hong Kong and Cairo. The highlight of her trip was the camel ride. She would love to go back there again someday.

Dinner Planned For Sobobans

Sobobans of Eisenhower have admitted twelve new members who will be honored with an initiation dinner Tuesday, October 13 at Sawyer's Barn.

The new members are: Pat McGowan, Catherine Lockwood, Jean Wheat, Lydia Martinez, Elizabeth Jones, Carol Bowman, Yukiko Kawahara, Karen Drott, Jane Glass, Marianne Pasquarelli, Sue Bailey, Karen Ashurst.

Educational TV Newly Installed

A new teaching device has come to Eisenhower—television.

Three times a week four seventh grade Social Living classes flock to the cafeteria to watch television.

The T.V. teacher smiles into the camera and greets the classes in Spanish. She then waits as the class answers. The program is 15 minutes long and is followed by class discussion.

Also taking part in Educational T.V. are 6 or 8 Senior High Problems of Democracy and United States History.

Mr. Joseph Cook, Jr. High Vice-Principal, says that Educational T.V. has a tremendous future. Eventually, perhaps in 5 years, Eisenhower will have it's own television studio or communication center and T.V. sets in every room.

Two important problems to be dealt with are finances and television accomodations.

Some of the available programs for all school grades from elementary school and up are the sciences, the arts, languages and history.

Educational T.V. will save time, money and add convenience to all schools.

Thinkers' Return

Those "quiz kids," the Eagle Varsity Thinkers, are at it again! Taking part in an exhibition match against Pacific for the Pacific PTA October 15 are Jim Alexander, Karen Malinka, Bob Rhoades, and Joan Zawaski.

Dave Blair To Hold Post of Vice Pres.

Newly-elected Sophomore Class President Chriss Dobbings.

Three weeks of campaigning beginning with intent to run cards and ending with the anxious moments waiting for results came to a climax Monday as "the class of 67" chose its officers for the upcoming school year. Newly elected president is Chriss Dobbings.

Vic - presidential victor was Dave Blair. Acting as Sophomore Secretary this year will be Peggy Peterson. Pam Connors will be keeping track of the money in her role as Sophomore treasurer. A run-off election decided that Cynthis Reed was to be the Sophomore Social Chairman.

The election was a colorful event, with posters of every size, shape and description brightening up the campus. Every one though, to be sure, was scrutinized by the watchful eyes of Mr. Schumacher, our Vice-Principal.

The campaign was climaxed by an election assembly held fourth period, October 5th. Voting took place immediately following.

Then the headaches began for Jess Hopkins, election co-ordinator, counting, one by one, all those ballots. Mr. Dowd served a faculty advisor.

Runner-up candidates were; president, Tom Hruska and Steve Preston; vice-president, Sharon Honeycutt, Dianne DePolis, and Linda Schwimmer; secretary, Renee Quarve and Pat McGregor, Karen Flanders, and Randy Schmidt were candidates for treasurer, and a runoff took the job of Social Chairman from Sue Wyingner.

Election co-ordinator Jess Hopkins could not be reached for comment, but it was to be supposed that his only statement could be "Whoosh!!"

Students Begin Selling Candy

Hoping that all Ike High Students will become door - to - door salesmen next week, this year's one fund raising project will be under way.

A new buget system is being tried this year by the student council. We hope to make about three thousand dollars in this one drive, beginning October 9 and ending October 20. Each club is to submit a budget of the forth-coming year and their funds will come from this three thousand dollars.

The candy being sold is from the Pet Milk Company of Lynne Brook Chocolates. This company has sponsored other candy drives in the past few years for our school with great results.

The candy will sell for fifty cents a box, and for every twenty-five dollars made by each student, that student receives two dollars.

For the eight days during the sale, the candy will be distributed and the money collected during each seventh period class each day.

So get out there kids and really do your share for our school and sell all you can.

Speech Events Listed For Year

October 10, Fall Festival San Bernardino Valley College

October 17, CBSL Student Congress Fontana High School.

October 31, Fall Novice Tournament Ramona High.

November 14, Extemporaneous Tournament Chaffey High.

November 20, 21, NFL Fall Congress, Coachella.

December 12, Winter Debates Antelope Valley High.

December 19, Ramona Invitational Debate.

Cheerleaders Attend Cheerleader School

On July 19-26, five of our varsity cheerleaders assembled with about seventy other schools on the Redlands University Campus for the annual cheerleaders school.

Our cheerleaders won four second place ribbons, one fourth place ribbon in competition with all the schools attending.

Representing our school were Margy Witcaukas, Colleen Townsend, Kathy Garringer, Scotty Duncan, and George Post.

These students practiced five hours each day, and attended two lectures daily, and a dance every couple of days.

According to these students, it was a very enjoyable week and much was learned.

Tonight's Stomp

As a result of the junior class converting the most Rialtoans to Boosters in the recent Booster membership drive, a stomp is being held tonight for the high school.

The admission price of 75¢ with an ASB card and \$1.00 without, will be donated to the junior class for their victory.

Dress will be ties, shirt, and slacks with sport coat or sweater for boys, and nice school dresses for girls.

The Jesters will play for the 9:00 to 12:00 event, held in the cafeteria.

Mrs. Mary Gottlieb, EHS Counselor, models native costume of one of many countries she visited this summer.

EISENHOWER REFLECTS APATHY OF STUDENT BODY

Eisenhower's campus is a littered eye-sore and its cafeteria is comparable only to a cluttered California highway. In general, our school is a perfect example of disrespect, ingratitude and infantile abuse.

An ancient proverb states 'cast no dirt into the well that gives you water.' As Eisenhower students, each one of us should examine ourselves with a microscope and then give great consideration to these words, for upon them our alma mater has been based, its ideology laid out and fresh traditions acquired. Now for the first time in Eisenhower's brief history, all such traditions have been broken and spat upon by students whom many adults will refer to as delinquents. But why should we worry? Who cares about reputations? And after all, what do we owe Eisenhower? All it's giving us is a free education.

Many 'responsible' young adults feel obligations and pride toward our educational institution and demand corrective action. The only way in which we personally can eliminate our campus litter problems is to "stash the trash" in the nearest can. Yet it will take more than just that. We need additional trash cans and student government help to form an all-out drive against carelessly discarded refuse. If nothing else works, perhaps teachers should watch for litter bugs, those offenders caught being put on a 'clean-up detail' after school.

In the final analysis, we may all wind up eating out of troughs, only, though, as a last resort. Until that time, however, Eisenhower will continue to reflect the student body's opinion of it by its untidy campus. To conclude, we have only to recall what Principal Keegan stated, "This is your school and to a large extent it is the kind of school that each student makes it." —Don Lannon.

EHS Junior Linda Eder bags awards in 4-H Clubs.

Raising, Showing Animals Captures Awards For Eder

The owner of a Caliente race horse, Ike junior Linda Eder has hopes that her racer will capture a first place to add to the long list of her other awards.

By means of her six goats and fourteen sheep, Linda has become the winner of fifteen trophies, more than a dozen rosette ribbons, and several other awards.

Seven years a member of 4-H, Linda belongs to the 70-member Grand Terrace 4-H Club, one of thirty clubs in this county.

Numerous Achievements

The active 4-H'er has earned much recognition in many fields. In goat competition, Linda's goats won Grand Champion five times, she captured a goat showmanship trophy at last year's Victorville Fair, and also won in Senior Dairy Goat Showmanship at the Los Angeles Great Western Dairy Show.

Linda was on the highpoint livestock

judging contest, won a trophy at the Victorville Fair Milkmaid Contest, and was awarded a silver plate in the sheep-blocking contest at the Great Western Fair.

Along with these awards, the 4-H'er earned two \$25 savings bonds in last year's Victorville Fair; one for highpoint in agriculture, and the other for the highpoint individual in the live stock judging contest.

Linda was also chosen as the outstanding junior member in agriculture at the 1961 4-H veteranian.

County Annual Achievement Night. Ronnie and Judy, Linda's younger brother and sister, also raise animals; Ronnie, sheep and a horse, and Judy, sheep and goats.

Linda very much enjoys raising and showing animals and would like to do so for a long time to come. She has the future ambition of becoming a

Foothill Motors Donates '65 Dodge Coronet to EHS

Fontana's Foothill Motors donated a 1965 Dodge Coronet 440 Four-door sedan to Eisenhower's driver education program at a ceremony held September 25. Mr. George Koeasel, Foothill Motors president, presented the car's keys to E.H.S. coach Mr. Milton Smaha. Dave Akam and Ruth Lydeen acted as Eisenhower High student body representatives. The car was given to E.H.S. by Foothill Motors at the request of Dr. Duran, Rialto

Busy Year Predicted A New Kind of Team

Coach Robison predicts a busy year ahead for a rapidly developing department on campus. Is this a new team playing a new game? No ! it's the speech students out to bring honor to Eisenhower in the little publicized field of Public Speaking.

Current goals for the department include becoming stronger in the Citrus Belt League and attaining a chapter in the National Forensic League.

If you are interested in speech activities please contact Miss Robison.

Now participating in speech activities are Lynn Barker, Bob Berman, Sue Bone, Linda Bruno, John Barker, Tina Cozzo, Mike Forster, Candy Frost, Barbara George, Mike Hawkins, Sylvia Magnussen, Mike Massengill, David Miller, Mike McDowell, Mike Moore, Sylvia Navarette, Marianne Pasquarelli, Ernest Powell, Sharon Price, Mary Roney, James Singly, Joe Strigle, Linda Thompson, John Thompson, Lynne Walker, Diane Wall, Mariam Wheat, Tom Williams, and Joan Zawaski.

Unified School District Assistant Superintendent of Business. It will be used this year and then replaced next year by a 66 model, also donated by Foothill Motors. All maintaining shall be done by Foothill Motors, however, Eisenhower will pay for such expenses.

President Koeasel commented, "We have donated a car to Fontana High's Driver Education Program, however, I believe that we are the only dealership in this area to be doing such sponsoring or participation."

PSAT For Juniors

Preliminary Scholastic Aptitude Test (PSAT), will be administered to juniors Oct. 24, in the school cafeteria at 8 o'clock. PSAT measures two kinds of scholastic ability, verbal and mathematical. The PSAT is offered by the College Entrance Examination Board, the organization planned to help high school students prepare for College. The services are offered to students all over the world.

In order to take this test you must give Mr. Lardy \$1. He will be in J-2.

A pinch of common sense is often worth a bushel of learning.

A person all wrapped up in himself makes a very small package.

BOOK NOOK

By Joan Zawarski

Do you like to travel? Does the call of far-away places ring loud and clear in your ears? Would you love to just "take off" around the world without bothering about packing and money and farewells? Well, you can. It's as simple as a trip to the school library to check out Richard Halliburton's Complete Book of Marvels.

Originally published in two volumes, The Occident and The Orient, this magic carpet touches nearly every world wonder on the map. With excellent illustrations and compelling description, you travel from the Golden Gate to Mt. Fujiwama by way of Washington, D.C., the Matterhorn, the Pyramids, and the Taj Mahal, to name only a few.

The book is written in the form of a trip in which author Halliburton takes a group of young people, the reader included, on a tour of the world's wonders.

Written in an informal, talkative style, The Book of Marvels brings to the foreground Halliburton's great zest for adventure and his prowess as a raconteur. The world, seen through the eyes of Richard Halliburton, is by no means a mundane, ordinary place. All the colorful and romantic events of history and legend live for him in the marvel spots of the earth. Sharing this "trip" with him is an experience no one should miss. —Joan Zawaski.

Hi-Tri Elects And Initiates

Promoting good will through social services and activities is the main objective of the Hi-Tri Club, a derivative of the San Bernardino YWCA. Sponsored by Mrs. Elena Johnson, Hi-Tri is open for all Senior High girls the entire year. Membership fees are \$2.50, which also includes membership in the downtown San Bernardino YWCA.

Officers, who are elected annually, are President, Billy Jo Polkow; Secretary, Nikolene Matich; Vice-President, Kathy Sorenson; Treasurer, Linda Britton; Social Chairman, Linda Lewis; Junior Representative, Holly Hunsted; Senior Representative, Pam Mix; Membership Chairman, Sue Hanson; Historian, Corrine Schmidt, and I.C.C. Representative, Vicky Schieman.

The club's first meeting was held in September, which featured a magic show presented by Curt Bailey. The annual Tea was held Sunday, Oct. 4 from 2 to 4 a t the home of Linda Britton.

Initiation will be held October 12, with a Progressive Dinner.

Highlighting this year's activities will be a Fall Hayride, Surprise Come as You Are Breakfast, Waistline Dinner, and Various Christmas programs.

Anyone interested in Hi-Tri membership may contact Pres. Billie Jo Polkow or Membership Chairman Sue Hanson.

Joan Zawaski Semi-Finalist

Senior Joan Zawaski has been notified of her triumph as a National Merit Scholarship semi-finalist from Eisenhower. As a result of this honor, Joan is eligible to try for finalist, and for a scholarship.

She qualified on the basis of

Problems Teacher Saulsbury Drops Air Force For Ike

"1860-1864 Revolutionary War, Korean War, June 1950, America is a democracy," exclaims Mr. Amos L. Saulsbury as he begins teaching World History and Problems of Democracy to Eisenhower students.

New to Eisenhower's staff this year, Mr. Saulsbury arrived from France this summer and is now residing in North San Bernardino with his family.

He is a graduate of Downy High School, Fullerton Junior College, and graduated from Syracuse University in New York with a BA degree.

Mr. Saulsbury, now on internship

working for his masters degree at Clairmont Graduate School is a retired Lieutenant Colonel in the United States Air Force. He was on active duty in the airforce 21 years, during which time he lived in nine states, five countries outside of American boundaries, and visited numerous other foreign countries.

Among the states he and his family have lived in are, Arizona, Texas, Colorado, Georgia, South Carolina, Oklahoma, New Hampshire, New Jersey, and stationed in California three times.

During World War II as a pilot flight commander, and operations officer, Mr. Saulsbury was stationed in the Philippines and Okinawa. He encountered many new and strange adventures or trials, but here was one of the most dangerous happenings of his life. This of course, was when his plane collided with another plane in mid-air during the war. When asked how he felt about it all he said, "I was scared." Who could blame him?

After a year in Korea, Mr. Saulsbury during the Korean War, was transferred to Japan serving as a 17 Mission Flight Intruder Pilot.

Following the one and a half years in Japan he lived in Saudia Arabia for almost two years. While there, along with seven other Americans, Mr. Saulsbury was presented to King Saud of Arabia, with an audience of 500 Arabs, and especially for the occasion, an Arabian poet wrote an ode describing the happenings.

Prior to their moving to San Bernardino, Mr. Saulsbury and his family were stationed in France for three years.

During his military life, he has traveled around the world with the exception of touring Borneo and the Persian Gulf. He has, during the past 21 years, been a pilot, a test pilot, air-craft maintenance officer, and squadron commander. He has accumulated fifteen awards and decorations, three thousand hours as a pilot, and flown twenty-one different types of air-craft.

When asked to express his feelings concerning Eisenhower, he said, "I didn't know teaching took so much of a person's time, but I enjoy it very much and I am looking forward to a very successful year at Eisenhower."

Optimists Plan Events For Year

One of the larger clubs on campus is Junior Optimists Club. This year the boys group is headed by club president Don Campbell, with the help of the faculty advisor Mr. Paul Williams. The club has already had several meetings discussing last year's activities and planning tentative events for this year's schedule.

The special meeting was held to vote an admission of Club members. Some of this year's planned events are, dinner meetings (the first welcoming new members), mountain and beach trips, participating in Junior Business Day, helping with the Christmas food basket, and the March of Dimes, sponsoring a dance, and many other activities.

Jr. Class Takes Booster Drive

Congratulations to the Juniors for their efforts in supporting the Booster Club Drive. They won the drive as well as the dance sponsored by the Booster Club. President of the class is Mike Massengill.

The Annual Eisenhower Booster Club drive was held the week of September 14 through 21, which was proclaimed "Booster Club Week," by Mayor Robert Hughbanks.

The results of the drive are as follows:

- Seniors.....243 memberships
- Juniors.....312 memberships
- Sophomores.....141 memberships
- Junior High.....287 memberships

There was a total of 983 memberships.

Each class that sold over 200 memberships received 50% of all sales over that mark.

her scores on the National Merit Scholarship Qualifying test last March.

Joan won distinction last year as the champion of EHS in the Varsity Thinkers Bowl.

THE ROVING Eye

The Roving Reporter having mercy on the Student Body, decided to catch the new teachers off balance by asking them to volunteer their opinions of their first few weeks of school.

You'll be happy to note that all were very impressed with Eisenhower. For instance, Miss Kebort, formerly of Pacific High enjoyed teaching there and is sure she will like EHS equally well. Mr. Cannon of Arrowview Junior High had simply to say "I love it." Mrs. Ungwe is very impressed by the good behavior of the Student Body and finds the staff quite helpful. Mr. Sturgeon summed up the feelings of all new teachers and students alike, when he stated that he was completely "Lost!" Mrs. Maurer voiced these same sentiments in saying, "I'm run ragged on this large campus."

On the more philosophical side, Miss Mejusto and Mrs. Calderon feel honored to be teaching here in America and hope for a brighter future for their homeland, Cuba. Even though Miss Evans finds a general lack of spirit in the school, she is confident that our enthusiasm will perk up.

The fads and fashions on campus are viewed as "strange but pleasant" by Mr. Geismer. This however, doesn't alter his high opinion of Eisenhower.

On the other hand, Mrs. Johnson finds us rather sloppy. She can't seem to get used to drastic hair color changes and "black stockings."

Now that the new teachers have aired their views they may have accumulated new friends or possibly a few enemies. Such are the risks of encountering the Roving Reporter.

Fashion Show, Sen-Tett Tea Named Success By President

The Sen-Tetts tea, held at the home of Kris Randall on October 3rd, was a great success with 91 new girls and ten members present.

A fashion show was held and fashions were presented by Danette's of Rialto. Entertainment was furnished by Ken Limon an EHS graduate in '64. Decorations were in shades of pink, the club's color.

Sen Tetts is a service club for girls. Among the service projects are ushering for the civic Light Operas, the first of which is "My Fair Lady."

There will be a Christmas party in December and a Luau at the end of the year.

Officers of Sentetts include Gail Patterson, president; Stevie Rea, vice-president; Pat Romero, secretary; Judy Cox, Treasurer; Vicky Sprang, Historian;

Christy Braksator, Secretary of Attendance, and Nancy Haesloop, Social Chairman.

Record Enrollment Cited at EHS

Even with the addition of the new C-building, Ike High cannot do away with its triple sessions.

All three classes have grown over the summer, as is customary for most Rialto schools.

The sophomore class once again leads the school in enrollments, increasing from last year's 612 to this year's 703 enrollees.

Showing the smallest gain was the Junior class, expanding from 506 to 616 students. The Seniors showed the biggest explosion, booming from the previous year's 444 to the present 547 hopeful graduates.

NATURE'S LAWS—There are traffic laws made by man, and traffic laws made by nature. You might ignore those made by man, but you can't ignore nature's laws. They don't always give you a second chance, advises the Automobile Club of Southern California. One of these is the force of gravity. Because of gravity the stopping distance required on a downgrade is greater than the stopping distance on a level surface. The steeper the hill is, the greater will be the pull of gravity and the longer the stopping distance. When going downhill, you should decrease your speed at the crest of the hill and start braking earlier than if you were on a level surface.

Eisenhower Bee Gridders Undefeated In Rigorous Pre-Season Competition

Eisenhower's Bees football team, coached by Walt Wohlers and Dick King has shown the same form that has brought them the co-championship of the Tri-County League two out of the past three years.

The Ike Bees have played two pre-season games and have two more to go before the League opener,

October 23 on our field.

Thus far Ike's opponents have been unable to score against Coach King's defense, while Coach Wohler's offense has piled up a total of 56 points in two games. They have defeated Aquinas 26 - 0 and Upland 30 - 0.

The offense has relied on the running of senior halfback Irv Rager

and Don Blecker and the passing of Terry Street while Bob Ivy, Dave Atkinson, Jim Johnston and Mike Hoban have done a great job on defense.

The pass catching of ends: Tom Posadas, Jim Goddard, Lee McAlister and Steve Henningson has proved to be a big asset to Ike's offense also.

Against Aquinas, Terry Street's pinpoint passing was certainly a main factor in winning. Terry connected for a 16 yard T.D. to Mark Howard in the second quarter. Another 15 yard pass from Street to Tom Posadas provided an additional 6 points. A pass interception by Jim Goddard set up the play.

Irv Rager turned in two brilliant touchdown runs of 13 and 61 yards while Jim, "The Toe," Johnson booted two extra points to complete the scoring.

Upland's Irv Rager started out the scoring with a gallop of 15 yards for a touchdown. Don Blecker ran another T.D. from the five yard line. The last 6 points were scored on a 20 yard run around the end by senior halfback Mike Monreal and Jim Johnson turned in two more conversions. Another 4 points were scored on 2 safeties as defensive standouts Bob Ivy and Dave Atkinson downed 2 Upland backs in their own end zones.

Voice student: "Professor, do you think I'll ever be able to do anything with my voice?"

Voice Coach: "It might come in handy in case of fire or shipwreck."

Upland Tops Varsity 39 - 0

Bad luck plagued the Eagle varsity squad for the second week in a row, as Ike fell to the Upland Highlanders 39 - 0.

The Eagle offense was stymied by Upland, as the Ike squad was held to four first downs in the entire game. Eisenhower's pass attack resulted in only two completed passes out of fourteen attempted by the offense.

Defense seemed to be one of the weak points of the Eisenhower team. Upland ran two punt returns for touchdowns that should have been easy plays to stop. A wavery aerial by Eagle quarterback Marty Slack was picked off by Upland and returned to their goal for six points.

Upland's scoring threat was Jim Smith, a speedy trackman. Smith scored three times for the Highlanders twice on the punt returns. Other Upland tallies were turned in by Tarry Van Quiem, Dave Garcia, and Ken Gwaltney.

The win for Upland was their first this season while our defeat was the second for the Eagle squad, our season opener resulted in a 34 - 6 win for Chula Vista.

STATISTICS

	Up.	Eis.
First Downs	12	4
Rushing Yards	285	60
Passing Yards	18	27
Passes Attempted	7	14
Passes Completed	3	2
Passes Intercepted	1	2
Punts	3	6
Punt Yards	28.4	28.3
Fumbles Lost	0	3
Penalized	45	38

Spirits Alive In '64 - '65

We're from Eisenhower, couldn't be prouder — of you. The spirit of our student body at our game with Upland Saturday, October 3, was the best we have had in three years.

One group of boys, most of them sophomores, brought the enthusiasm of the spectators from an all - time low to an all - time high. If these boys continue their remarkable ability to lead others and encourage spirit, when they are seniors, no school will ever match Eisenhower's enthusiasm.

Although we didn't win the

Ike C.C. Builds New Tradition

In a precedent setting cross country meet last Friday, Ike's varsity thin-clads clobbered Upland 21 - 36, on Eisenhower's two mile course.

Junior Karl Henry captured a first place in the varsity meet with a time of 11 min. 1 sec., while Garry Wisdom followed Karl with a second place at 11 min. 17 sec. To complete the tally Mike Arbuckl took 4th place, Tony Hernandez 6th, and Dave Douglass 8th.

In junior varsity competition Charles Frisbie maintained a 2nd place, and in the sophomore meet Eisenhower beat Upland 25 - 30 as Jim Gensichen yielded a 2nd place and Lester Byington took 3rd.

Eisenhower's short cross country history reveals a rather consistent list of losses to Upland in previous years, but according to Coach Roy Harkin, last Friday's decisive upset over Upland clearly exhibits a favorable change in this year's cross country team. Coach Harkin also stated that Upland's team was almost exactly the same team that beat us last year. He went on to say that last Friday's complete about-face shows that Eisenhower's 1964-65 cross country team has much greater depth and determination than any previous team. Harkin commented that hard workouts and discipline have paid off so far this year. He then stated that the new I. V. League offers some fairly rough competition but he expects the team to do well in the new league.

In this year's season opener, Sept. 24, Eisenhower's Varsity squad stomped Palmdale 23 - 34 taking the first three places. Our J. V.'s won 25 - 30 also taking the first three places of their event.

game we let our opponents know we were there. If ever there is a chance to unite a student body it is at a game where we are all fighting right along with the team.

In addition to the excellent spirit, the band and drill team gave a performance to remember!

So we say thanks, and keep up the good work.

Your Varsity Cheerleaders

SPORTS

Sports Review . . .

J. RICE

With the results of our last two Varsity football games with Chula Vista and Upland, a general feeling of dismay has gripped the Eisenhower Student body.

Perhaps before judgment is passed on our Varsity squad it would be a good idea to examine a number of factors which might redeem EHS Varsity footballers in the eyes of the student body.

We cannot judge a team by its first efforts—football teams are very unpredictable, especially Eisenhower football teams. Last year Ike's varsity team started the year with what appeared to be a losing streak, but the team shaped up for a second place in the TCL league.

It has been said that experience is the key to consistent victory, but Eisenhower's grid-iron sadly lacks real experience. There are only

seven returning varsity lettermen this year with a number of J.V.'s and B's that have been moved up to the varsity squad.

League competition this year will not be as rough as the teams that have battered us into the ground in our pre-league practice games.

After reviewing the results of our five opponent teams in the new I. V. league, it is evident that there is still a "not-too-distant chance" for an I.V. league Varsity championship.

The league results in last wee's games are as follows: Chino 27 over **Ruidoux** 6; Montclare 13 over **Corona** 0; Pomona 19 over **Fontana** 0; Yucaipa 20 over **Norte Vista** 0; Ramona 35 over **Colton** 0; and Upland 39 over **Eisenhower** 0. (Ed. note. Schools in dark type comprise the new I.V. league).

The facts are evident that we cannot truthfully judge or condemn the EHS varsity girdiron until they enter league competition.
