Senior year

August

Start your essays

With your top schools in mind, start drafting your essays and be sure to leave yourself time for edits, edits, and more edits.

September

Secure letters of recommendation

Reach out to teachers, coaches, and employers who would be happy to write you a glowing review. Don't forget to send them a thank you note afterwards!

October

Submit your FAFSA

Some student aid programs award funds on a first-come, first-served basis so don't wait too long to submit your FAFSA.

Consider re-taking standardized tests

You can also re-take your SAT to try to raise your score.

November

Stay on top of deadlines

Don't let the date for early application sneak up on you. Many schools have different application deadlines; make sure you know when everything is due.

January

Apps are due

January 1st is the universal deadline for most schools' applications, so make sure yours are in. If you applied early action, you could get your decision letter any day.

February

Mail's here

Keep an eye out for your college acceptance letters.

March

Watch for award letters

This is when you'll get financial aid award letters from the schools that have accepted you. Compare them to see which offers the best financial aid package.

April

Decision time

After deciding where you'd like to go, make sure to stay on top of communications from your school. Deposits, forms, and housing apps are all due prior to leaving in the fall.

May

Make a budget

Talk with your parents to figure out how much you'll expect to earn and pay while at school. Having a budget will start you on the journey toward financial responsibility.

Summer

Final to-do items

You can choose to attend orientation, register for your classes, and make sure your tuition bill is paid. Don't forget, it's also the time to have fun!

Your Federal Student Aid ID (FSA ID)

Creating an FSA ID is the first step to completing your FAFSA. An FSA ID gives you access to Federal Student Aid's online systems and serves as your legal signature. Only create an FSA ID using your own personal information and for your own exclusive use. If you had a PIN, having that number available will make this process easier.

To create an FSA ID, go to fsaid.ed.gov. Complete this form to keep track of important information related to your FSA ID. **This information should be kept confidential and stored in a secure location.** Please bring this document to your College Goal Washington event. You can find events that provide assistance with completing your FAFSA at <http://readysetgrad.org/educators/grad/cgw-students-families>

Tips To Remember When Creating an FSA ID

Be sure to enter your information accurately.

Your information will be verified by the Social Security Administration and making a mistake, especially with your social security number, birthdate or name, will cause delays.

Use this [FSA ID Information Tracking Sheet](#) to record the information you used to create your FSA ID.

You will use your FSA ID for multiple purposes over the coming years so be sure you can remember all of the important information associated with your FSA ID.

Keep in mind that an email address can only be associated with one FSA ID.

Students and parents cannot use the same email address.

If you have an email other than your high school email address, use that alternate email. You may even want to create one especially for financial aid and college application purposes.

Your high school email access will likely expire after you graduate. You will need to use your FSA ID for years to come so link it to an email address that you will continue to use.

It is important to have access to your email when creating your FSA ID.

A secure code will be sent to your email that you will need to retrieve when creating your FSA ID. Entering this secure code will confirm your email address, which is very important if you forget your username or password, and it will allow Federal Student Aid to communicate with you electronically.

If you have a PIN, enter it during the FSA ID creation process.

Entering your PIN will save a few steps and result in immediate verification of your FSA ID with the Social Security Administration.

Your FSA ID can be used immediately to access and sign the FAFSA.

However, you won't be able to use it to update or correct the FAFSA or enter any other FSA websites until it has been verified with the Social Security Administration (one to three days).

Steps to Create an FSA ID

1. Go to fsaid.ed.gov or, if you are ready to begin your FAFSA, start at [FAFSA.gov](https://fafsa.gov) and click on the *Create an FSA ID* link.
2. Create a username and password, and enter your email address.
3. Enter your name, date of birth, Social Security number, contact information, and challenge questions and answers.
4. Review your information, and read and accept the terms and conditions.
5. Confirm your e-mail address using the secure code, which will be sent to the e-mail address you entered when you created your FSA ID. You can use your FSA ID immediately to file and sign the FAFSA even if you aren't able to confirm your email with the secure code.

Each student needs an FSA ID. If parent information is required on the FAFSA, one parent will also need an FSA ID to sign the student's FAFSA. Each student and parent must create their FSA ID separately at fsaid.ed.gov.
