

FOUNDATION FOR EXCELLENCE

LITERACY
NUMERACY
FUTURE READY

Ensuring students achieve personal and career fulfillment

*“RIALTO KINDNESS: THE PERSONIFICATION
OF HONORABLE AND COMPASSIONATE
SERVICE TO OTHERS.”*

Dear Rialto Unified School District Families and Staff

We are excited to announce the launch of our Literacy, Numeracy, and Future Ready Plan!

This achievement reflects the collaborative efforts of our dedicated teachers, support staff, administrators, and community members. Their contributions have been pivotal in shaping a plan that is congruent with our educational mission.

The synergy achieved through this plan underscores our commitment to holistic learning and academic excellence. I am excited about the positive impact the plan will have on our academic and social development.

As an educational community, we will move forward together, fostering exceptional education to transform lives.

*Warm regards,
Cuauhtémoc Avila, Ed.D.,
Rialto Unified School District Superintendent*

*“BRIDGING
FUTURES
THROUGH
INNOVATION”*

RIALTO UNIFIED STRATEGIC PHILOSOPHY

The main driver in the Rialto Unified School District is Strategics. Strategics is the method by which a community continuously creates a plan to serve extraordinary purpose. Strategic decisions are those commitments that challenge the existing orders, create disequilibrium, and encourage risk toward new realities.

Our focus, which is exemplified in this document, is for every student to be engaged and inspired in their learning in order to be prepared to continue their journey towards achieving their future aspirations. Developing a common understanding and academic commitment for students to achieve personal and career fulfillment supports Rialto Unified School District's uncompromising commitment to achieve specific, measurable, and observable results.

MISSION

A declaration of the unique identity to which the organization aspires, its specific purpose; and the means by which it will achieve its purpose.

The mission of the Rialto Unified School District, the bridge that connects students to their aspirations for the future, is to ensure each student achieves personal and career fulfillment within a global society, through a vital system distinguished by:

- High expectation for student achievement
- Safe and engaging learning environments
- Effective family and community involvement
- Learning opportunities beyond the traditional school setting
- Appreciation of universal diversity

PURPOSE

This Foundation for Excellence: Literacy, Numeracy, and Future Ready document highlights the essential expectations in a student's educational journey and holistic growth. The associated actions extend from the belief that education is a moral and civil right. Through such actions, we will ensure all students have access to a well-rounded education in order to graduate future ready.

Staff members are committed to a common understanding of expectations for student success and will ensure students have the needed supports in Literacy, Numeracy, and Future Ready:

Literacy is the ability to read, write, and speak at a functional level. It is the accumulation of knowledge that makes life comprehensible and informs the quality of our participation in culture and society. The greatest gift that we can bestow on students is the gift of literacy, so that they discover meaning in life and seek a virtuous and harmonious place in it.

Numeracy is the ability to perform arithmetic operations and understand mathematical concepts. It is the knowledge and skills needed to develop mathematical reasoning to effectively function in society. Numeracy is concrete and contextual, and offers solutions to basic problems like budgeting for living expenses or complex scenarios such as finances related to the purchase of a home.

Future Ready is the attainment of literacy and numeracy skills at a mastery level and the completion of essential courses in high school that will enable students to pursue college and employment opportunities to achieve personal and career fulfillment.

OVERVIEW

All students in the Rialto Unified School District will meet or exceed expectations in Literacy, Numeracy, and Future Ready by grade levels. The grade levels below will be used as indicators to measure progress towards high school graduation and beyond.

$$1 + 2 = 3$$

LITERACY

Grade 3 - All students will read at grade level

Grade 5 - All students will fully comprehend content area texts

Grade 8 - All students will express reading comprehension through writing

High School - All students will write and orally present using textual evidence

NUMERACY

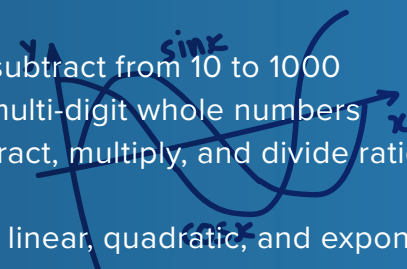

Grade 3 - All students will be able to accurately add and subtract from 10 to 1000

Grade 5 - All students will be able to accurately multiply multi-digit whole numbers

Grade 8 - All students will be able to accurately add, subtract, multiply, and divide rational numbers and use proportional reasoning

High School - All students will be able to solve and graph linear, quadratic, and exponential functions

*All high school students are encouraged to take four years of mathematics

FUTURE READY

Grade 3 - All students will develop and practice self regulation and study skills

Grade 5 - All students will learn about postsecondary opportunities

Grade 8 - All students will understand the culture of high school, complete a 4 Year Plan, and learn about opportunities beyond high school

High School - All students will be on track with credits, have a plan beyond high school, and meet at least one of the State College and Career Indicator (CCI) metrics

ACRONYMS and TERMS KEY

A-G	University of California (UC) and California State University (CSU) student course requirements. Minimum completion of 15 college-preparatory courses with a letter grade of "C" or better.
ACT	American College Test
ASVAB	Armed Services Vocational Aptitude Battery Test
AVID	Advancement Via Individual Determination
CSU	California State University (Example: Cal State University <i>San Bernardino</i>)
DRDP	Desired Results Developmental Profile
ESGI	Education Software for Guiding Instruction - Reading and Math assessment based on foundational skills
FAFSA	Free Application For Federal Student Aid
FIAB	Focused Interim Assessment Block

IAB	Interim Assessment Block
PBIS	Positive Behavior Intervention Support
PSAT	Preliminary Scholastic Aptitude Test
Q	Quarter
S	Semester
SAT	Scholastic Aptitude Test
SEL	Social Emotional Learning
T	Trimester
UC	University of California (Example: University of California <i>Riverside</i>)
