

**Introduction:**

LEA: Rialto Unified School District Contact (Name, Title, Email, Phone Number): Jasmin Valenzuela (909) 820-7700 Ext. 2141

LCAP Year: 2016-2017

***Local Control and Accountability Plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

### **State Priorities**

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

#### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

**Expelled pupils (for county offices of education only):** *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

**Foster youth (for county offices of education only):** *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

#### **B. Pupil Outcomes:**

**Pupil achievement:** *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

**Other pupil outcomes:** *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

**C. Engagement:**

**Parental involvement:** *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

**Pupil engagement:** *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

**School climate:** *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

**Section 1: Stakeholder Engagement**

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

**Guiding Questions:**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community

organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>The Rialto Unified School District began the FY2016-17 LCAP Annual Updates in October 2015, with initial planning efforts to engage at a unified level. The LCAP Stakeholders' Committee advised and guided the efforts of the District's process. The LCAP Stakeholders' Committee comprised of the Superintendent, the Associate Superintendents of Elementary and Secondary Instruction, the Associate Superintendents of Business and Personnel, District Directors, site principals and assistant principals, teachers, classified staff, certificated and classified association representation, one Board member, as well as representatives from our District English Language Advisory Committee (DELAC) and the District Advisory Committee (DAC), Parent Teacher Associate (PTA) and Parent Teacher Organization (PTO). Representation from Foster youth and Low Income parents were also invited and participated in the LCAP Process in DELAC, ELAC and Stakeholder's Committee.</p> <p>The LCAP Stakeholders' Committee met five times from October to May 2016: October 7, December 1, 2015, March 1, May 3, 2016, and the stakeholders' received training from The Education Trust-West on April 14, 2016, to assist in advising the District Educational Services LCAP writing team on goals and objectives</p>	<p>After compiling stakeholder input, the District identified that the common recurring themes which were identified in 2015-16 continue to be areas of need and focus for 2016-17. These themes are reflected in the goals, actions and services and financial investments of the District. Common continued themes include:</p> <ul style="list-style-type: none"> <li>● Implement Common Core State Standards</li> <li>● Reduce achievement gaps in student subgroups</li> <li>● Personnel to support schools for intervention (RtI/MTSS)</li> <li>● Training for Professional Learning Communities</li> <li>● Funding and training for Positive Behavior Intervention Systems (PBIS)</li> <li>● Funding for secondary AVID and expansion at Preston Elementary</li> <li>● Funding for staffing in the Visual and Performing Arts at the elementary schools</li> </ul>

<p>for the 2016-17 LCAP. These meetings were supplemented with a Local Community Meeting that was held on March 3, 2016, where community members viewed a presentation of the LCAP and the community members were given the opportunity to ask questions and to provide written input to the District LCAP Core Team. Principal LCAP presentations, updates, and meetings were held on November 12, 2015, February 23 and April 7, 2016; and DAC and DELAC presentations were held on February 5, 2016, and May 13, 2016. A round table discussion took place with the Rialto Education Association (REA) on February 22, 2016, and presentations by our principals were presented to their site PTA/PTO's. Additionally the District utilized our Parent Link and District website to engage with our community members and stakeholders throughout the process. In addition, the online public comment period was available from March 4 – 18, 2016; and the 2016-17 LCAP draft was available for public inspection at the District Office May 13, 2016 to June 15, 2016.</p> <p>The March 3, 2016, LCAP Community Meeting provided the opportunity for community members to provide information in English and/or Spanish such as: What programs has your child experienced at your school or district that helps your child be successful at school? What school or district programs need improvement to help your child to be successful? As a parent, what programs or activities have you experienced at your school or district that helps you be involved in your child's education? As a parent, what school or district programs or activities need to improve? And, other recommendations or comments from community members were received. A student survey for grades 5 to 12<sup>th</sup> grade was administered in May 2016, to gather student input on school climate and engagement. Comments from the surveys, parent committees, and community were reviewed to further the District's understanding of parents' needs and desires.</p> <p>New this year was the creation of a LCAP cohort of six principals consisting of elementary, middle and high school principals to serve as the Core LCAP Principal Cohort to communicate and gather information and input from all site administrators and classroom teachers for shared decision making in regards to local metrics for student achievement in the State Priority Areas 4: Pupil Outcomes, and Priority Area 4: Other Pupil Outcomes. The cohort of LCAP Core Principals met</p>	<ul style="list-style-type: none"> <li>● Technology support and integration with curriculum</li> <li>● Staff to support student safety</li> <li>● Systems to obtain, share and use data to provide more timely response to support student achievement</li> <li>● More consistent use of technology</li> <li>● Parents want consistency across schools in the use of the Parent Portal with student grade and assignment information (entered by teachers)</li> <li>● Families want to know when students are struggling, before their report card comes home</li> <li>● Participants expressed the importance of schools creating a welcoming and inclusive environment</li> <li>● Conversations with families of under-served students highlighted concerns about schools having low expectations for their children, not understanding their needs and not supporting them to achieve</li> <li>● Conversations with families of higher-performing and GATE students highlighted the desire for more differentiated teaching, again based on knowing each child's needs, to challenge and support them to succeed</li> </ul> <p>Budget priorities identified are:</p> <ul style="list-style-type: none"> <li>● Place an emphasis on Foster Youth, ELs, and low income students in goal 1 under State Priority 4 for Pupil Outcomes/Achievement and include AA and GATE as a priority subgroup as well</li> <li>● Increased funding to add one more position for the Visual and Performing Arts at the elementary level</li> </ul>

<p>on February 12 &amp; 22, March 17, and April 5, 2016, specifically for discussion and shared decision making on student assessments for Priority 4 Local Metrics based on the K-12 teacher input.</p> <p>Members of the District Educational Services Writing Team attended a series of LCAP Leadership trainings offered by ACSA on September 10, November 10-11, 2015, and February 17-18, 2016. The Core Team also attended County sponsored trainings where various pieces of information were shared with the LEA about LCAP implementation: Calibration and budget reporting, accountability, goals, and using Formative Metrics to Measure Progress and Success and guiding principles on January 15, and February 9, 2016.</p> <p>The LCAP Stakeholders' Committee representatives including parents/guardians from English Learners, Foster Youth, and Low Income students remain committed to ongoing meetings to continually assess the goals and actions of the District's LCAP plan in order to improve pupil outcomes related to the state priorities. Stakeholders' written comments, feedback and input from the various stakeholder forums were categorized by the three LCAP Categories and Eight State Priorities in creating new actions and services in the District's 2016-17 three LCAP goals.</p> <p>The Board of Education was provided with a draft of the 2016-2017 LCAP for review on May 13, 2016. The Associate Superintendents of Elementary and Secondary Instruction gave a Board presentation/study session on the LCAP Annual Updates, and a LCAP Public Hearing was held on June 1, 2016. Data in the presentation included attendance rates, engagement and participation of the various stakeholders' and committees, graduation rates, dropout rate, reclassification rate, A-G completion rate, EAP results of college readiness, CTE pathway completion rate, suspension rate, and expulsion rate. In attendance were the five Board members, the Superintendent, the Associate Superintendents of Elementary and Secondary Instruction, the Associate Superintendents of Business and Personnel Services, the Executive Directors of Elementary and Secondary Instruction, Educational Services Directors, as well as several parent and community members. The LCAP Public Hearing included question and answer time for the various Board members.</p>	<ul style="list-style-type: none"> <li>● Additional Instructional Strategist for two of the larger elementary school site to support teachers and intervention to students in literacy and math</li> <li>● Funding to continue improved school climate through Positive Behavior Intervention Systems (PBIS), adding nine schools to the PBIS program in 2016-17</li> <li>● Funding for training in Professional Learning Communities</li> <li>● Support for English Learner Programs</li> <li>● Funding for Career Technical Education (CTE) Pathways</li> <li>● Funding for improving the District's K-12 RtI/MTSS and training</li> <li>● Funding to build K-12 STEM</li> <li>● Funding to promote Early Literacy foundations in preschool and grades TK, K-3<sup>rd</sup></li> <li>● Funding for continued support and integration of technology</li> <li>● Funding for higher-performing and GATE students and programs</li> <li>● Expanding cultural competency among teachers and district staff</li> <li>● Delivering engaging and culturally responsive curriculum, academic programs and services</li> <li>● Supporting teachers to deliver differentiated instruction for all students</li> </ul> <p>The program priorities identified above are reflected in the District's goals, actions/services and the budget priorities are tied to the achievement data, needs of our students, and anticipated positive outcomes.</p> <p>There has been consistent stakeholder engagement and</p>

<p>On June 15, 2016, a Board Meeting was held and included approval of the Rialto Unified School District's Local Control and Accountability Plan (LCAP) for fiscal years 2016-2017, with the purpose of identifying and meeting annual goals for all students, with specific actions and services to address the state and local priorities.</p>	<p>collaboration between the Educational Services and Business Services. Both departments have shared responsibility and worked closely to link program needs to budget priorities. The LCAP process continues to foster a broader District-wide collaborative and Leadership Teams.</p> <p>Following each of the Stakeholder Committee meetings, stakeholder input was collected by the writing team to revise goals and actions, as necessary. Revisions were then presented to Cabinet and the Stakeholder Committees.</p> <p>On June 1, 2016, a Board presentation/study session and a LCAP Public Hearing was held. In attendance were the five Board members, the Superintendent, the Associate Superintendents of Elementary and Secondary Instruction, Business and Personnel Services, and the Executive Directors of Elementary and Secondary Instruction, Educational Services Directors, as well as several community members.</p>
<p><b>Annual Update:</b> The 2015-16 LCAP annual update and the plan for the next three years (2015-18) was developed based on input and monitoring from the directors of Educational Services who were responsible for the specific actions and services related to each goal. Meetings with various staff members were focused on the collection of evidence for the completion of the LCAP actions and services provided three times per year throughout the '15-16 school year. Each director was responsible to provide trimester budgetary and documentation of the implementation, progress, and completion of actions and services. The information related to the budget was verified by the fiscal department.</p> <p>The results of the update were shared with the various stakeholders' and discussions were held regarding changes that were needed in the annual update. As the discussion evolved with stakeholders on the 2015-16 six goals and metrics it</p>	<p><b>Annual Update:</b> Through the annual update and discussions with the various community stakeholders and district personnel, it was determined that the district would integrate the existing 6 goals into 3 District LCAP goals that are more linked to each of the State Priority areas. As a result, five of the six existing LCAP goals (achievement, instruction, intervention, professional learning, and technology) were integrated into one goal as follows: Goal 1: <i>Achievement</i> to more easily measure and identify the progress in State Priorities 4: Pupil Outcomes, and Priority 8: Other Pupil Outcomes, with specific state and local metrics for elementary, middle and high school; with an emphasis on building STEM and Preschool, TK, and K-3<sup>rd</sup> early literacy</p>

<p>was determined that the goals and metrics should be aligned with the LCAP Three Categories and the Eight State priorities. The rationale for changes in actions and services and differences in budgeted expenditures from the Stakeholders was shared with other parent groups (DAC, DELAC, district personnel). Discussions and information was studied by stakeholders to ensure that stakeholders could formulate an informed opinion in writing to support the suggested changes and improvements.</p> <p>The Rialto Unified School District used the following quantitative data for the goal setting process in each of the LCAP Three Categories: Pupil Outcomes, Conditions for Learning, and Engagement; Graduation rate, dropout rate, A-G completion rate, EL data and reclassification percentages, EAP data, AMAOs, AP enrollment and pass rate, SAT scores, ACT scores, elementary DIBELS, STAR Reading, CAASPP, PSAT, and CDE Postsecondary Attendance and persistence data .</p> <p>All stakeholders were presented this data to support them through the LCAP evaluation and annual update process, as well as highlight and promote necessary goals and objectives that further the vision, mission and core values of the District. The Stakeholder Committee members were provided updated district-wide and school data progress on each of the LCAP metrics in goals 1-6. Written input and discussion was provided on the stakeholders’ assessment of the metric progress. This input was shared with additional stakeholder groups such as DAC and DELAC parents, school administrators and district directors, who also provided feedback on their assessment of student outcomes based on the State priorities and LCAP metrics.</p> <p>On May 3, 2016, a copy of the 2016-2017 draft LCAP was shared with the Stakeholder Committee Members indicating where the input of the various stakeholders’ was included in the ’16-17 Annual Updates. Recurring themes and the impact of stakeholders’ feedback and input is listed in Section 1 (on the right) under “Impact on LCAP” and “Budget Priorities Identified”.</p>	<p>programs, and adding the GATE and AA subgroup in the special populations for progress monitoring. Goal 5 for School Environment was moved under Goal 3: <i>Engagement</i> to more easily measure and identify the progress for State Priorities 3: Parental Involvement, Priority 5: Pupil Engagement, and Priority 6: School Climate. Therefore, a Goal 2 for <i>Conditions for Learning</i> needed to be created under State Priorities 1: Basic, Priority 2: Implementation of State Standards, and Priority 7: Course Access. The Core LCAP Team reconvened and created a goal 2 for <i>Conditions for Learning</i> and shared it with the various stakeholders. It was also determined that there were too many metrics, and duplicate metrics in each of the six existing goals, and that some local metrics did not have actions or were too broad and not linked directly to actions and services. Therefore, it was determined to refine the metrics, actions and services and link them to more specific state and local measures. A LCAP Cohort of Principals was newly created as part of the LCAP Core Team to act as LCAP Liaisons Leaders for school site administrators and teachers to gather information and input from teachers on the District’s most essential metrics for Goal 1: Achievement, under State Priority 4 and 8 for the District’s 2016-17 LCAP Plan.</p> <p>The use of specific District local interim and annual measures will allow the District to more accurately monitor the actions and services for completion, and how they directly impact student achievement.</p>

## Section 2: Goals, Actions, Expenditures, and Progress Indicators

### Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

**Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.**

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and

subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?

- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

## Goal 1: LCAP Year 3: 2018-2019

### Priority 4: Pupil Achievement

Expected Annual  
Measurable  
Outcomes:

1. **State Metrics:** 3<sup>rd</sup>-11th grade students that “meet or exceed” on the **CAASPP** in ELA and Math  
2018-19: ELA to increase to 37% or better  
2018-19: Math to increase by 27% or better
2. **State Metric:** Students passing the NGSS Science grades 5, 8 & 10  
**Local Metric:** Based on 2017-18 Baseline data, the goal for 2018-19 is:  
Grade 5: Increase by 3% or better in Proficient or Advanced  
Grade 8: Increase by 3% or better in Proficient or Advanced  
Grade 10: Increase by 3% or better in Proficient or Advanced
3. **State Metric:** The percentage of students that met the entry requirements for CSU/UC (disaggregated by Special Populations):  
**Local Metric:** 2018-2019 goal is to increase the A-G Completion rate to 44%
4. **State Metric:** 11th grade students scoring ready for college on the EAP Assessment (disaggregated by Special Populations):  
**Local Metric:**  
*2017-18 goal is to increase to 7%; 2018-2019 goal to increase to 9%*  
*2017-18 goal is to increase to 17%; 2018-2019 goal to increase to 19%*
5. **State Metric:** AP Exam with a 3 or better to be disaggregated by Special Populations:  
**Local Metric:** *percentage of total tests with an AP score of 3 or better*  
*2018-19 goal is to increase by 3%*
6. **Local Metric:** 8<sup>th</sup> grade students at grade or above level in math based on the CAASPP  
2017-18 goal is 20%; 2018-19 goal is 22%  
**Local Metric:** 8<sup>th</sup> grade students were at grade level in Math with a C or better.  
The 2017-18 goal was 75%; 2018-2019 Goal is 77%
7. **State Metric:** 3<sup>rd</sup> grade students reading at or above grade level based on the CAASPP  
2017-18 goal was 35%; 2018-2019 goal is 37%  
**Local Metric:** DIBELS Next 3<sup>rd</sup> grade students reading at or above grade level:  
The goal for 2017-18 is 70%; The Goal for 2018-19 is 72%
8. Students completing CTE sequence  
**Local Metric:** Based on CTE report of percent of CTE students who complete a capstone classes who received an A,B,C on the course:

The goal 2018-19 is to increase by 3% or better

**9. State Metric:** EL Reclassification rate

**Local Metric:** 2015-16 was 10.2%; 2016-17 goal is 15%; 2017-2018 goal is 18%; 2018-19 goal is 20%

**10. EL demonstrating progress towards English-language proficiency including reading, writing, speaking, and listening skills in AMAO 1:**

Identified Need :	Based on the expected annual measurable outcomes, the District is not meeting the academic needs of all students. The District continues to identify specific students not meeting grade level expectations and students who are not on track to graduate. Our District recognizes that a systematic Response to Intervention system needs to be implemented with continuity across all K-12 schools for implementation of state standards and course access. Specific actions and services related to student achievement and graduation rate need to be implemented to close the identified gaps; graduation rate at 80.8%, low A-G completion rate, increase the percentage of students with an AP score of 3 or better, increase the percentage of students scoring 4 or higher on the CELDT, increase the percentage of students meeting AMAO 1 and 2, increase the percentage of students reading at grade level by 3 <sup>rd</sup> grade, and increase the percentage of 8 <sup>th</sup> grade students achieving proficiency in mathematics as measured on the CAASPP. In order to implement the Common Core Standards and provide students with access and opportunities for a broad and challenging course of study, the District recognizes the need for quality professional development to improve the planning and daily delivery of instruction. The classroom instruction and professional development opportunities need to focus on research based instructional strategies, professional practices and programs that impact various areas of student achievement.

### **Annual Update**

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

**Guiding Questions:**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	<p>Through the annual update and discussions with the various stakeholders it was determined that the district would integrate the existing 6 goals into 3 District LCAP goals that are more linked to each of the State Priority areas.</p> <p>1h: DIBELS Next was administered to K-5<sup>th</sup> only.</p> <p>Although gathering and analyzing data has been a challenging practice for many of the school sites as a consistent practice, the district has made some progress in collecting and using the data available to assist in assessing the success of the actions of the LCAP. Those actions to increase student proficiency for ELA and Math were measured by the reduction of D and F grades, CELDT data, reclassification data, results on DIBELS, principal and teacher participation in grade-level meetings to identify priority metrics and expectations for student outcomes. The 2016-17 LCAP has essential metrics that are targeted and we will be able to more closely monitor throughout the district and provide a better indicator of the impact of the LCAP actions.</p> <p>Schools need to do a better job of addressing differentiation for gifted education: Funding out of Title II for higher-performing and GATE students and programs will be addressed and the District will develop a GATE acceleration plan for advanced learners and GATE students.</p> <p>Producing college and career-ready students is embedded into RUSD's LCAP goals and will continue to guide our work and has been reinforced by our stakeholders. For the 2016-17 year we will begin to implement ICA assessments. With this baseline set, we will be able to establish targets for 2016-17 and 2017-18 school years. The first LCAP Annual Update has shown us that while we have made some gains with student outcomes, there is still work to be done.</p>

<b>3h:</b> The District will develop and implement Response to Intervention (Rtl) in reading and math by grade level spans for all schools.			Support classes were built in at the secondary level in ELA and Math. ELA is using some of the pilot materials to see the connections to the core programs. Secondary set up an Rtl model for mathematics using the ALEKS program. All teachers were in-serviced on ALEKS and a report was provided to all principals monthly. In ELA, secondary schools implemented the SIPPS program at all middle schools in the ED program. Some of the new materials in ELA were piloted at all middle schools. A summer middle school program planned and implemented for students who received D's and F's in both English and Mathematics. Also all ELA secondary classes used Vocabulary.com to increase reading comprehension. Summer programs at all middle schools will assist the students still struggling with foundational literacy skills.		No Additional Cost

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		Through the annual update and discussions with the various stakeholders it was determined that the district would integrate the existing 6 goals into 3 District LCAP goals that are more linked to each of the State Priority areas. 3c: It was decided that the SIPPS (Systematic Instruction in Phonological Awareness, Phonics, and Sight Words) be used for students in grades K – 5, and sixth grade (not to include grades 7 <sup>th</sup> & 8 <sup>th</sup> ). The District will develop an early literacy program in 2016-17 for preschool, TK and grades K-2 <sup>nd</sup> . A summer enrichment program will be offered for incoming 4 <sup>th</sup> and 5 <sup>th</sup> grade ELs in ELA/ELD and Math in order to prevent long-term ELs; and a summer literacy program for incoming at-risk/low income 3 <sup>rd</sup> grade students will be provided. The District is starting a Dual Language Immersion program in 4 of the elementary schools that will feed into the one middle and one high school over the course of the years. Added two Instructional Support Providers to the larger elementary schools to ensure curriculum, instruction and assessment are meeting the needs of EL, FY, and at-risk students through support and training of classroom			

teachers to implement the ELA/ELD and Math standards. These additional services and extra learning time in the summer as described will be for the EL, RFEP, and FY students as a Tier 2 and 3 intervention as opposed to the all the students being served at Tier 1 and funded by the Base.

We continue the implementation of California Standards, with professional learning focusing on both domains (Math and ELA). The focus on the new California ELA/ELD standards will be enhanced with additional training in the newly adopted ELA/ELD textbooks and in-classroom support through Teachers on Special Assignment (TOSAs). We are also adding 17 additional bilingual instructional aides; and will start training for the implementation of the Next Generation Science Standards

The 2016-17 LCAP has fewer metrics in Goal 1 and 3 that are targeted and we will be able to closely monitor progress throughout the district and provide a better indicator of the impact of the LCAP actions.

Expected Annual Measurable Outcomes:	1. 80% of all classroom teachers will be trained in Accountable Talk as measured by My Learning Plan. <b>Local Metric:</b> Number of staff trained as determined by reports from My Learning Plan		Actual Annual Measurable Outcomes:	1. There were 982 K-12 classroom teachers trained on Accountable Talk as measured by My Learning Plan. Accountable Talk training, presented by the site Strategists and Coaches, took place in August at each school site. <b>95% of K-12 teachers trained.</b>
	2. 80% of all classroom teachers will be trained in Close and Critical Reading as measured by My Learning Plan. <b>Local Metric:</b> Number of staff trained as determined by reports from My Learning Plan			2. There were 80 elementary teachers (representing 14 of 19 schools) who requested and participated in Close and Critical Reading Model Lesson trainings at their school sites throughout the year. We had to table the planned district-wide Close and Critical Reading trainings at all school sites, as requested, and make it a focus for next year; therefore, we will not be able to meet 80% mark this year.
	3. 80% of all elementary teachers and all secondary math teachers will be trained in the Math Practices as measured by My Learning Plan. <b>Local Metric:</b> Number of staff trained as determined by reports from My Learning Plan			3. 555 teachers were trained in the Math Practices as measured by My Learning Plan. This number includes 458 elementary teachers and 97 secondary Math teachers. <b>91% of teachers trained; 96% of elementary teachers and 86% of secondary math teachers.</b>
	4. 80% of all elementary teachers and all secondary ELA, Science and History/Social Studies teachers will be trained in writing across the curriculum and 6+1 Traits <b>Local Metric:</b> Number of staff trained as determined by reports from My Learning Plan			4. 106 teachers were trained by request in Writing Across the Curriculum and/or 6+1 Traits of Writing as measured by My Learning Plan. We had to table the planned district-wide Writing trainings at school sites, as requested, and make it a focus for next year; therefore, we will not be able to meet the 80% mark this year.
	5. The percentage of teachers trained in Accountable Talk, Close and Critical Reading, Math Practices and Writing that rank their experience as a 4 or higher based on the Professional Development Survey will increase by 5%. What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		<p>The District and school sites will continue to refine and monitor students in Tier 2 and 3 of the Rtl/Multi-Tiered System of Support, therefore the district will be hiring 17 additional bilingual instructional aides and increasing the time for the 21 Instructional Support Strategist to work with ELs and at-risk students for this purpose. The district will also continue to focus on increasing student learning for all students and accelerating student learning for our underserved student (EL, FY, LI).</p> <p>4ff: The Rtl model was not created for secondary ELA. It was created for Math. The elementary Rtl for Reading was created. The elementary Rtl model will be revised and a new secondary Rtl/MTSS will be designed to be aligned with the resources available in new ELA/ELD textbook adoption for a K-5, 6-8<sup>th</sup>, and 9-12 Rtl/MTSS implementation.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		<p>Through the annual update and discussions with the various stakeholders it was determined that the district would integrate the existing 6 goals into 3 District LCAP goals that are more linked to each of the State Priority areas. No LCAP Coordinator was hired or combined with the PBIS Coordinator position. The LCAP is coordinated by the Associate Superintendent, Elementary Instruction.</p> <p>Intentionally building community within schools among different family populations, across differences in families' ethnicity, socioeconomic background, and home language, and being more inclusive of students and their families is a goal for RUSD.</p> <p>After school clubs: Provide students with additional resources and support outside of the regular school day to improvement academic achievement and student engagement with a focus on college and career readiness. Provide student with access to tutoring, intervention activities that promote school community and culture. This is in addition to the ASES funding to allow for increased student program enrollment).</p> <p>Making it possible for families of all students and cultures to participate, including consistent translation and interpretation; and holding events and meetings at more flexible times or during off hours so working families can participate. Identifying staff at each school with the specific responsibility to lead the school's collaborative family engagement efforts, especially in schools not participating in a cohort for the Family Leadership Institute. Many participants expressed the desire to have a Parent Center at every school; the District is developing cohorts of schools to participate in the Family Leadership Institute training both in Clark County and within the District bringing the training to RUSD. The Parent Center will be reconfigured in personnel and parent workshop and course offerings to attract more parents of various ethnicities to actively participate and be more actively involved. Positive school climate is one of the top priorities for our community, and we have begun the process of implementing training on Family Leadership Institute and will be followed up by participating staff attending over the next three years. In addition, the District will to bring the following trainings to RUSD: Unconscious Bias, Kids and Trauma, Cultural Relevance, School to Prison Pipeline, and Mentoring and Social Skills training to the district for all staff to be trained over</p>		

	the next four years; and establish a District AAPAC and provide an African American parents' Town Hall through the Superintendent.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

### Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$ <b>42,077,855</b>

## LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is

enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

(1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(f) “Expulsion rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).
