

**Rialto Unified School District**  
**Triennial Assessment**  
Completed April 2022

In accordance with the [2016 Final Rule](#), schools must complete an assessment of their district wellness policy every three years, at minimum. The assessment must include several components:

1. Comparison of the district's School Wellness Policy to a model policy;
2. Measurement of the extent to which the district complies with the policy;
3. Description of the district's progress toward achieving the goals described in the policy.

Rialto Unified used the WellSAT Triennial Assessment tools and worksheets to fulfill the requirements of the Triennial Assessment. The results are detailed below.

**PART 1: Comparison to a model School Wellness Policy**

- The WellSAT 3.0 was used to compare the written policy to model standards. The WellSAT 3.0 scores are in the "Combined WellSAT 3.0 and WellSAT-I Scorecard" (attached).

**PART 2: Local measurement of compliance with School Wellness Policy**

- The WellSAT was used to assess the implementation of the Local School Wellness Policy via interviews with district and school-level personnel.

**PART 3: Description of the district's progress toward achieving goals described in the policy**

- The results of the WellSAT 3.0 was analyzed and linked to one of four outcomes detailed in the "WellSAT 3.0 Scorecard"(attached). Outcomes and progress have been summarized in Worksheet #4 (attached).
