The mission of Jehue Middle School, the compass that guides students on their pathway to success, is to inspire creativity and learning through building relationships with all students, families, staff, and members of the community to enrich their foundation for lifelong learning, through a vital system distinguished by: Providing a safe and welcoming environment that embraces cultural diversity; Utilizing technology to promote creative learning; Offering opportunities for parent and community involvement; Increased student learning expectations; Professional growth opportunities

Greetings Parents, Guardians, and students,

Jehue Middle School is excited to welcome back our students for in person learning this school year! This past year has been a test of our resilience as a community. I am proud that our students, families, and staff have worked together to overcome the challenges we have had. Collaboration, ingenuity, and creativity have become a new staple in working together to support our students to new heights.

We continue to be committed to a safe, positive, and productive learning environment. We have hand washing stations and hand sanitizers in every classroom. Each classroom is equipped with air purifiers, and we will be requiring masks and temperature checks for all entering our campus.

Our Instructional Focus is to “Prepare all students to be strategic thinkers and problem solvers by building literacy skills in all content areas and requiring students to justify responses using academic language with textual evidence when appropriate.” We are committed to providing the best educational experience for all students academically, socially, and physically.

I will spend two full days every week in classrooms to support teaching and learning throughout campus. Additionally, our Assistant Principal’s will spend at least 1 full day every week in classrooms as well. Therefore, we may not always be able to speak with you when you drop in or telephone us. However, our office staff is wonderfully equipped to assist you with questions or concerns. If they are unable to assist you, they will schedule a meeting with an administrator or arrange for one of us to call you back.

Jehue is a Gold Level PBIS school with solid systems in place to teach and reinforce positive behaviors and provide supports to all students. This past year we were recognized as an AVID Schoolwide Site of Distinction. This means that all students benefit from having teachers trained in AVID strategies and techniques. We are also recognized by the State of California as a Green School at the Gold Level. We look forward to seeing and working with our students and families throughout this school year and continuing our drive for excellence.

Thank you and we look forward to connecting with you and your family.

Sincerely,

Carolyn Eide

“Giving Our Best, Never Settling For Less”
