Dear Parent or Guardian:

We are pleased to inform you that the Rialto Unified School District will continue to offer the Child Nutrition Community Eligibility Provision (CEP) lunch program for 2025-2026 School Year.

What does this mean for your children?

All students enrolled in the school district are eligible to receive a healthy breakfast and lunch at school at **no charge** to your household each day of the 2025-2026 school year. Your child(ren) will be able to participate in these meal programs without having to pay a fee or submit a meal application.

What does this mean for you as a Parent/Guardian?

Parents/guardians are required to complete an Online Enrollment Verification Process. The Online Enrollment Verification Process is found within the ParentVue app, and requires the parents/guardians to electronically verify their students' emergency contact information and provide household size/income. This parent data is a requirement from the state in that is used to calculate adequate **LCFF** funding to our schools. This process replaces the annual hand-written emergency card update and school lunch application. *If the parents/guardians do not complete the Online Enrollment Verification Process there will be a delay in assigning a classroom or a class schedule for their child(ren).*

How do I complete the online Enrollment Verification Process?

The Online Enrollment Verification Process can be completed starting **April 1, 2025** by following the enclosed instructions from your smartphone or home computer. **You may receive assistance by calling your school site.**

All households must complete process before August 8, 2025.

What do you need as parent before starting the process?

• E-mail address • List of Emergency Contact names and phone numbers • Household size and total monthly income

In determining your household size and monthly income please consider that household is synonymous with family and means a group of related or unrelated individuals who are living as one economic unit sharing housing and all significant income and expenses.

During the OLR process for the 2025-2026 school year your student's Medi-cal and/or Insurance information for the continued implementation of the Child and Youth Behavioral Health Initiative (CYBHI) will again be requested. This state initiative may provide access to **Medical health professionals, counseling/ mental health services, and other wellness resources** to foster Social-Emotional, Psychological and Holistic resilience in the school setting. All information collected will be handled with strict confidentiality and accessible only to authorized personnel.

If we can be of any further assistance, please contact your school site.

Sincerely,

Diane Romo
Lead Business Services Agent
