Directions to Parents and Guardians:

The California *Education Code* contains legal requirements which direct schools to assess the English language proficiency of students. The process begins with determining the language(s) spoken in the home of each student. The responses to the home language survey will assist in determining if a student's proficiency in English should be tested. This information is essential in order for the school to provide adequate instructional programs and services.

As parents or guardians, your cooperation is requested in complying with these requirements. Please respond to each of the four questions listed below as accurately as possible. For each question, write the name(s) of the language(s) that apply in the space provided. Please do not leave any question unanswered. If an error is made completing this home language survey, you may request correction before your student's English proficiency is assessed.

1. Which language did your child learn when they first began to talk? _____
2. Which language does your child most frequently speak at home? _____
3. Which language do you (the parents and guardians) most frequently use when speaking with your child? _____
4. Which language is most often spoken by adults in the home? _____
(parents, guardians, grandparents, or any other adults)

Please sign and date this form in the spaces provided below, then return this form to your child's teacher. Thank you for your cooperation.

Custody Issues

Parent Disputes over Custody in School Setting

Parents may try to use the school as a forum for disputing custody matters. If needed, the school district may consider including the following form in their annual notification to parent and legal guardians.

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to their child. The only exception is when a signed restraining order or proper divorce papers, specifically stating visitation limitations, are on file in the school office. Any student release situation which leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and an officer requested to intervene. Unless Educational Rights have been revoked, both parents have access to student records.

Parents are asked to make every attempt not to involve school sites in custody matters.

The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

I have read and understand the above statement.
